#### *Plaudits*

Dr. Lenox D. Baker will assume the presidency of the American Ortho-

paedic Association during the organization's annual meeting, June 22-27 in Hot Springs, Virginia. Founded in 1887, the Association is the oldest orthopaedic organization in America. Its active membership comprises some 175 orthopaedic surgeons selected from throughout the United States on the basis of professional qualifications and achievement.

Dr. Morton D. Bogdonoff, medicine, has been chosen president-elect of the American Federation for Clinical Research. The Federation, a 4,500 member organization, is composed of medical investigators in the United States, Canada and other countries of the Western Hemisphere. Its purpose is to promote and encourage original research in clinical and laboratory medicine.

At the annual meeting of the Har-

vey Cushing Society in Philadelphia April 18-20, Dr. Barnes Woodhall, dean of the Duke Medical School, was inducted as president of that international organization of neurosurgeons. Founded in memory of Dr. Harvey Cushing, famed brain surgeon of Johns Hopkins and Harvard, the society has 1,000 active members in the United States and Canada, and associate members over the entire world.

At a Student-Faculty Night sponsored by the Duke Chapter of SAMA on May 10, engraved plaques—golden apples—were awarded to three members of the faculty for excellence in teaching: in the pre-clinical area, Dr. J. E. Markee, anatomy; in the clinical field, Dr. E. A. Stead, Jr., medicine; for the house staff, Dr. Fred W. Schoonmaker, medicine.
