

April 1-8, 1977

We would like to list lectures, symposia and other activities at the medical center in the Intercom Calendar. If information about your event does not appear, the reason is either that we did not receive it or that we received it too late for printing deadlines. Notices can be accepted for the Calendar no later than one week prior to publication. Notices may be sent to Box 3354, Hospital. If last minute scheduling makes it impossible to send a written notice in time, please call 684-4148.

Friday, April 1

- 10 a.m. Thelma Ingles Scholarly Papers Presentation, Ann M. Jacobansky Auditorium, School of Nursing.
- 1 p.m. Network for Continuing Medical Education (NCME). Programs on "Terminal Cancer: The Hospice Approach to Pain Control," "Terminal Cancer: The Hospice Approach to the Family" and "Congenital Hip Dislocation." View in Rms M-405, M-410, 2031 and Medical Student Lounge (Channel 7 or 9) at Duke and Rms A3002 (by appointment only), C9013, D3008, CCU and classrooms and media learning lab of Allied Health Bldg. at VA Hospital.
- 6 p.m. Registration for Forum for Primary Care, Downtown Ramada Inn. Keynote speech, Dr. Barry Blackwell, professor and chairman, Department of Psychiatry, and professor of pharmacology, Wright State University, will give keynote speech on "Compliance with Medical Therapy: An Overview" at 7 p.m. Program continues through Saturday.

Monday, April 4

- 6 p.m. Reception honoring Hospital Auxiliary, Administration Office Suite. Dinner follows at 7 p.m. in Courtyard Cafeteria.

Tuesday, April 5

- 3:30 p.m. Colloquium on Health Policy. Randall Bovbjerg, research attorney on legal issues in health care, Duke Law School, will speak on "Medical Malpractice," Rm 224, Social Sciences Bldg.
- 4 p.m. Evolutionary Morphology Seminar. Jack T. Stern Jr., Dept. of Anatomical Sciences, State University of New York-Stony Brook, will speak on "Experimental Contributions to the Functional Morphology of Primates," Rm 143, Jones Cancer Research Bldg. Coffee and cookies at 3:45 p.m.
- 4 p.m. Council on Aging and Human Development Seminar. Dr. Bernard T. Engel, chief of National Institute on Aging's Laboratory of Behavioral Science, will speak on "Biofeedback: Operant Conditioning of Visceral Responses," Rm 1504, Gerontology Bldg.

Wednesday, April 6

- 1 p.m. NCME. Programs on "The Bronchial Asthma: New Concepts in Mechanism and Management," "Medico-Legal Aspects of CPR" and "The Rational Use of Antibiotics in Surgical Patients." See Fri., April 1 for viewing areas.

Friday, April 8

- 12:30 p.m. Biochemistry Seminar. Dr. Raymond Gesteland, Cold Spring Harbor Laboratory, will speak on "Biochemical Mapping of Adenovirus," Rm 147, Nanaline H. Duke Bldg. Coffee at 12:15 p.m. in the lobby.

THE WAY THINGS WERE—Recent graduates sponsored by the Paths for Employee Progress (PEP) program talk over their experiences while attending school full-time and working part-time at the medical center. From left, Ruby Pauline Cherry, an office clerk in the Medical Outpatient Clinic, completed a course in Practical Nurse Education at Durham Technical Institute; Alberta S. Massey, library clerk at the Child Guidance Clinic, received an associate degree in library science at Durham Tech; and Susan Elmore, formerly a clerk in Central Processing, completed a program for clinical laboratory assistants at Wake Technical Institute and is now working in Clinical Chemistry in the Bell Building. PEP provided counseling and financial assistance. (Photo by Ina Fried)

Look What's Going On...

RADIATION TREATMENT

Dr. K. T. Noell, an assistant professor of radiology here, will describe how radiation is used in treating breast cancer on Channel 11's "At Home With Peggy Mann" Thursday at 1 p.m.

The program is the third in a six-part series on breast cancer. Duke people to appear in the next three Thursday segments are Margaret Cannada, Dr. Nicholas Georgiade, Dr. William Shingleton, Dr. Wolfgang Joklik, Dr. Dani Bolognesi, Dr. Samuel Wells, Dr. Blaine Nashold and Dr. Diane McGrath. See future *Intercoms* for program details.

MEDICAL MALPRACTICE

Randall Bovbjerg, research attorney on legal issues in health care at the Duke Law School, will speak on "Medical Malpractice" on Tuesday, April 5 at 3:30 p.m. in Room 224, Social Sciences Building.

Bovbjerg's talk is part of the Duke Colloquia on Health Policy sponsored by the Institute of Policy Sciences and Public Affairs.

SHARE YOUR GOOD TASTE

What's your favorite recipe? The Library Staff Association would like to include it in the Duke cookbook that members are compiling.

The association is seeking recipes from administrators, faculty, staff, employees and alumni. Proceeds from sales of the cookbooks will go to special association projects such as a scholarship fund for library staff members, according to Catherine Leonardi, association president.

"We'd like to thank those who have already contributed recipes," Leonardi said, "and ask others to please send their favorite recipes to me at Perkins Library as soon as possible."

The recipes are preferred typed on 3x5 inch cards. They should include the name of the recipe, the name of the person submitting it and that person's telephone number.

For more information call Catherine Leonardi, 684-6359.

Volleyball Tournament

Hooray Rah Rah and a Boola Boola too!

Third East — Third West and Meyer Wards

Come April 1st — No fooling — It's for real.

Scores given weekly.

IV Team

Two RNs have joined the IV Team: Susan Hunt, who transferred from cardiology, and Sue Griffis.

Intercomments

Central Teaching Facility

Manager J. Edward King and Optical Repairman Bob Meritt received certificates for their successful completion of the Nikon-EPOI Instrument Repair Training Course. The course was given at the Nikon Instrument Division of Ehrenreich Photo-Optical Industries in Garden City, N.Y., Feb. 14-17, and is available by invitation only.

The Central Teaching Facility rents out 126 Nikon binocular microscopes to first-year medical students and supplies 40 Nikons for third-year medical

students. Now full servicing of these microscopes can be done here at Duke.

This course complements a similar optical instrument repair session King and Meritt completed at Bunton Instrument in Rockville, Md., Dec. 26-28. This training session was for Leitz optical equipment, including microprojectors.

Pat Edmundson, equipment technician, and his wife, Martee, a third-year medical student here, are the parents of Myles Loren, born on Feb. 23. Myles' vital statistics are 52.07 cm (20.50 inches) long and 3.969 kg. (8.75 pounds).

Orthopaedic Surgery

Linda Johnson and husband Ronnie have a new son, born Jan. 1.

Sue Boase has resigned from Duke West Orthopaedics to work with the Carolina Playmakers in Chapel Hill, while Gloria Bass has joined the Duke West Orthopaedics staff.

Dr. Frank Clippinger, professor, and his wife honored Duke West employees with a party in their home, Jan. 29.

Operating Room

There are several new faces in OR. They are Ula Armstrong, Pat Watts and Levone Kendall, LPNs; Hardy

Cunningham, Horace Taylor and Art Moore, porters; Elaine Dunn, RN; and Michelle De Jarman, DTO.

Robert Dunstan, ORT, has been promoted to assistant supervisor. Freddie Cates has become an OR attendant, and Charlie Thomas, ORT, passed the LPN state boards.

Pattie Cline, RN, has resigned and moved to Oxford.

Reporter: Anne Gunn

Full-term Nursery

Geraldine Harris, DTO, has introduced a time saving idea to the Full-term Nursery. Staff now use two doctors' orders books, containing all patients' order sheets. This eliminates the necessity of going through every chart in the rack to verify orders.

Nurses, DTO's and doctors all are finding this new system helpful.

Harris brought this idea with her from Howland Ward where it originated. The FTN salutes her for making the work a little easier and more efficient.

Equipment Missing

A piece of equipment that arrived in the Hospital Storeroom on Feb. 11 has been misplaced. It was a Model TLDM-64, Tele-equipment Storage Oscilloscope, medium blue, measuring 18" x 20" x 12" (45.7 x 50.8 x 30.5 cm.), and weighing 30 pounds (13.6 kg.).

Anyone knowing where the package might be, please contact James Fowler at 684-3711.
