

ON THE BOARD—Her specialty is respiratory nursing care and much of her work involves education of patients and staff. Now Johnnie Woody, nurse clinician on Cabell, has been appointed to a two-year term as director-at-large of the N.C. Lung Association, for whom she also has done educational programs. The organization is concerned primarily with education and preventive health care, she said. Nursing Services Director Wilma Minniear said of Woody's appointment, "It is her good work that has brought this honor to her and to Duke." (Photo by John Becton)
