

RAM'S HORN

VOL. III NO. 1

SOUTHEASTERN COMMUNITY COLLEGE

OCTOBER 29, 1976

Earl Scruggs Revue At SCC

By Ramona Hendon

On October 2, Southeastern Community College was honored with an outstanding performance by the world famous Earl Scruggs Revue. The band consisted of six talented artists who performed a myriad of numbers, ranging from Mr. Scruggs' renowned banjo pickin' to rock, pop, and country songs. The group was made up of Earl

Scruggs; his three sons, Gary, Randy, and Steve; Jimmy Murphy, the Steel guitarist; and the drummer, Jody Maphis.

During the 7:00 show the audience, consisting primarily of middle-aged people, did not appear to enjoy the performance to the fullest extent. They apparently expected a more traditional Earl Scruggs and many were disappointed in the

new image presented by the entire Revue. However, the 10:00 crowd, made up mainly of young people, was much more enthusiastic in its response, bringing the Revue back for a double encore with its tremendous applause.

Another asset to the concert was the warm-up group, Kitty Hawk, a local band headed by Mike Hooks of the Whiteville

Music Center. The band drew quite a warm reaction from the audience and would be welcome

on the SCC campus at any time in the future.

Model UN To Be Held

The Model United Nations will begin in Philadelphia, Pennsylvania, on November 4 and last through the seventh. It will be held on the campus of the University of Pennsylvania. Attending from S.C.C. will be Bridget Ramsey, Kathy Mercer, Michelle Conert, Kim Lanier, Terrence Carr, Walter Clark, Carolyn Davis, and Mr. Alan Brownlee, advisor.

The Model U.N. is exactly what it says: a model of the United Nations. It brings together college students from all over the United States to participate. It teaches the students about world politics and gives them the qualities of self confidence and leadership.

The Southeastern delegation represents Belgium in the Model U.N. this year. They will be discussing the same problems

the world faces today. Some of these topics will be international terrorism, the Rhodesian and South African situation, nuclear testing, repression and torture.

Last year in New York City, S.C. was one of only five community colleges in the nation to participate in the Model U.N. Yet they have done remarkable well against the large schools and have pushed several legislations through almost single handed.

Each delegate will be on at least one committee, while some are on two. The committee reports a resolution to the floor and then it is voted on.

The school's representatives to the Model U.N. are planning to fly to Philadelphia. They are raising money by having bake sales and are accepting contributions.

Current Enrollment

Beginning a new school year is always exciting and is of grave importance to all of us: instructors, students, employers, administrators, educators, readers, and community.

Our figures, at present, are approximate. The enrollment stands as follows: Curriculum

enrollment is 1,850. Of the 1,850, 1,250 are regular students. Under the Farm Cooperative (on and off-campus) Program, we have enrolled 335 students.

The portion of students remaining are from Brunswick County, Riegelwood, and other places where we offer credit

courses off campus. This is good, for we see that many are very much interested in improving ourselves and our prosperity.

On behalf of our newspaper and staff, we bid you a warm W-E-L-C-O-M-E.

Reporter, Annie Coston
