

BLACK ON

APRIL 1973 . . .

. S.C.C. .

VOLUME I

OUR REASON

The purpose of this paper is to show how we feel toward our black studies program and to share our feelings and ideas with everyone. To let them know how proud we are of ourselves and our cultural background. To help others understand that we are able, and can do as we are able to do.

Check our articles and I'm sure you will agree, "We have been far out but we have come a long ways."
