LOCALS AND PERSONALS.

—Dr. Moffitt has been confined to his room for several days on account of a severe cold.

—Mrs. Levi Aldridge of Union Ridge is visiting Prof. and Mrs. W. P. Lawrence.

—Dr. J. O. Atkinson left Saturday for Norfolk, Va., where on Sunday he preached in Memorial Temple Christian Church for Dr. Howsare. It was a special memorial service.

—Mr. Herndon Moffitt of Durham, a former student here, visited here Sunday.

—Mr. Edd Roberts who had the misfortune to get his leg broken some weeks ago is getting on nicely and was taken home Saturday.

—There was no service at eleven o'clock Sunday on account of Dr. Newman being ill who was to preach then.

—Miss Allene Patton led in the Y. W. C. A. Sunday afternoon, subject Christ the head of the church. After the meeting there was a business meeting and the following officers were elected for the next year: Pres., Viola Frazier; Vice Pres., Maggie Iseley; Sec., Sudie McCauley; Cor. Sec., Lillian Johnson; Treas., Patt Preston; Pianist, Annie Bagwell.

—The Christian Endeavor prayer meeting was indeed interesting and beneficial Sunday evening. It was all voluntary participation, there being no special leader. This was a new plan and it worked well, resulting in a splendid service.

—“Uncle” Wellons left Saturday for Durham to attend a Union at the Christian Church where he was formerly pastor.

—Mr. E. Smith from California, is visiting Mrs. and Miss Wilson.

—Prof. and Mrs. Amick spent Saturday and Sunday visiting relatives at Liberty.

INTER-COLLEGIATE TENNIS CLUB.

Elon College has recently taken a step forward in athletic reports.

At a meeting of the joint athletic committee last week it was moved and carried that we co-operate with the University of North Carolina, Wake Forest, A. and M., Davidson, and Guilford colleges in organizing the Inter-Collegiate Tennis Club of North Carolina.

The Club has its first meeting at Chapel Hill, April 20, 21. Already we can see interest in tennis becoming stronger. Two or three courts are full of play every afternoon that weather will permit and on the “Varsity court” the team is doing hard practice of from three to five sets every afternoon. The boys are working well and should be commended for it, for in this way alone can Elon prepare herself to make a good showing at the Inter-Collegiate meeting.

The Inter-Collegiate Club will meet every year, each college being host in its turn. South Carolina, and Georgia also, have clubs similar to this and it will indeed be a step forward in Athletic sports in North Carolina.

At each meeting of the club there will be a tournament played and the winners will receive a cup or some trophy which they keep for one year and winning three years in succession the team will be allowed to be the owners of the cups.

We will look forward with interest to the time when Elon shall be host to this club and in the meantime it is hoped that every member of the local club will take advantage of this good weather and practice hard, for when the Club meets here in some future year we can look back with pride to the time when the club was first organized and feel that we had a share in developing the team that is to win the trophies for Elon at some future time.

CARDINAL GIBBONS ENDORSES TUBERCULOSIS DAY.

Cardinal Gibbons, the highest authority of the Roman Catholic Church in America, has expressed his approval of Tuberculosis Day, which is to be observed by the churches of the United States on or about April 30th, and of the general organized anti-tuberculosis campaign, according to a report of an interview made public to-day by the National Association for the Study and Prevention of Tuberculosis.

The interview was granted by His Eminence to H. Wirt Steele, Executive Secretary of the Maryland Association for the Prevention and Relief of Tuberculosis and Dr. Charles O'Donovan, one of the leading physicians of Baltimore. Mr. Steele and Dr. O'Donovan explained to the Cardinal the object of Tuberculosis Day, namely, that it was an effort to secure a simultaneous and systematic presentation of the educational side of the tuberculosis campaign in all of the churches of the United States on April 30th or on some other day in the week preceding or the week following that date. The Cardinal expressed his entire sympathy with the

plan of the Tuberculosis Day movement, and endorsed the program both of the Maryland Association and of the National Association.

Following the interview, Cardinal Gibbons also sent a letter to Mr. Steele in which he expressed formally his approval of the anti-tuberculosis campaign as conducted in the United States at the present time. The letter is as follows:

Baltimore, Feb. 23rd, 1911.

My Dear Mr. Steele:

I have read with keen interest the pamphlets you sent me, which tell of the triumphs already achieved in the warfare against tuberculosis.

My wonder has been aroused by the simplicity of the arms used in this warfare—namely—rational living and cleanliness—which are within reach of all.

I shall follow with special interest all your efforts in this splendid propaganda against the terrible disease, and hope the results of your labor will be commensurate with the zeal, the energy, and self-sacrifice which you and your fellow-workers are devoting to the work.

I can remember well the ravages made by yellow fever in days gone by, but rejoice to see that the medical fraternity have conquered it.

I trust that you will be equally successful against tuberculosis.

With best wishes, I am

Yours faithfully,

J. Card. Gibbons.

The National Association has prepared an outline for a tuberculosis lecture or sermon especially adapted for clergymen who will speak on Tuberculosis Day, and also other literature which will be sent to any clergyman applying for it at the office of the National Association, 105 East 22nd Street, New York City, or at the headquarters of any state or local association in the United States.

ELON LOSES TO TRINITY.

Last Saturday the ball team went down to Durham for a game with Trinity College, which proved the undoing of the locals. Elon has been playing at a disadvantage ever since Robert's misfortune a week or two ago, and this was a serious drawback. Pearson pitched fine ball and had steam to burn and used it to advantage, but an error at a vital time caused the trouble. Sparrow also did some sensational work in left field as did Farmer in right, but the former unfortunately hurt his finger trying for a hard chance and had to go out of the game.

Hitting was in order when Hedgepath got two bagger and Newman a beautiful single. Dickey caught classy ball, never failing to keep a sharp eye on second, catching several men napping there.

Several times it looked as if we ought to have second when we didn't.

In the seventh inning with one man down Hedgepath hit a two bagger. He was followed by Farmer who hit through short and stole second, Hedgepath advanced to third. Newman followed and laid one down scoring Hedgepath. He

then attempted to steal to second to allow Farmer to score who took third on the bunt, taking advantage of Newman's headwork Farmer scored, making the score 4 to 2.

The Methodist scored 3 more in their half of the seventh. This ended the run getting. And the game ended 7 to 2 for Trinity.

Heredity.

Richard Harding Davis at a football game in Philadelphia praised the voices of the young undergraduates shouting their weird college yells. “It makes me think of a Yocust Street bride,” said Mr. Davis, smiling. “She turned to her husband one night at dinner and remarked: ‘My dear, the first time I saw you was at Franklin Field. Your head was thrown back, your mouth was wide open, and your face was very red—you were yelling your college yell.’ ‘Yes, I remember,’ said the young man. ‘And I noticed,’ she continued, ‘what a remarkable voice you had.’ ‘Yes, you spoke of it at the time,’ said he. ‘But what makes you think of it now?’ ‘Oh, nothing,’ said the bride. ‘Only I wish the baby hadn't inherited it. That's all.’”—Argonaut.
