Sant ones. He had many, many there will be dances representing one. We therefore, without restrangers to a boy named Joe who has a sas proven his merit, as friends and was disliked by no one. We therefore, without restrangers to a boy named Joe who has proven his merit, as friends to one swell boy whose memory we shall hold dearly.

Sant ones. He had many, many there will be dances representing dance for the witches, so weird that the spectators will shiver; Daisy that will touch the hearts of any we shall hold dearly.

The Army will continue to have the form Dogpatch; Santa Unwene Holmes, George Bullard, Liunnie Perg Galloway, Judy Holoman, Luvene Holmes, George Bullard, Liunnie Perg Galloway, Judy Holoman, Luvene Holmes, George Bullard, Liunnie Prysies major; and by knocking hard at the door of several others.

HELD THURSDAY

Sharp shricks of the Air-Raid siren shook students from their beds & studies Thurs, night as the first campus Air-Raid drill got underway at 10:44 p. m. For approximately ten minutes the campus appeared to be very much alive. Lights went on in all dormitories, students gathered in groups and walked in a very sane manner into the Air-Raid shelter. There was no excitement, no of-fenders, or objectors; the coopera-tion of the entire student body and faculty was one-hunderd per cent. On the faces of all who entered the library stacks, there was noticed a very sincere and serious understanding of what this was all about. In less than ten minutes, the entire campus was in total darkness the student body was safe within the shelter, and the Air-Raid wardens had the si-tuation well in hand. Through the dark corridors messengers darted carrying orders from the control tower. Fire - watchers by with sand bags to do their duty. manned their positions and stood High in the dome of Alamance a fire-watcher reported that the campus was in total darkness.

After the A11-Clear signal was sounded, the students emerged from the stacks with a feeling of confidence in the ability of the newly formed Air-Raid Organization to handle a real raid in

the same successful manner.

The Elon College Air-Raid Organization is a unit of the Civilian Defense Organization. Its creation is a living example of the type of work which is being successfully carried out as a result of the efforts of the student-faculty group. Dr. Fletcher Collins, who has made an extensive study in this regard, is to be con-gratulated for the success and response to his tireless efforts.

The Organization is well equipped and familiar with its duties. There are three Chief wardens, Mr. C. R. Lovett, Elliot Schmidt, and Kenneth Utt. The regular wardens number fourten and are stationed in respec dormitories and other buildib, further expressed thanks to Dr. traffic wardens direct the traffic We feel that each student owes Collins for "your interest in ci- moving into the shelters and six

Each college building is equipped with four sand bags and a ladder near the attic and in the basement of the Y.M.C.A. is 10cated an emergency hospital room can be blacked out during a raid.

The entire student body has been instructed as to what is expected of them in the event of a raid and the response Thursday night is a fine example of their whole hearted support of this organization.
