

WHAT'S WHAT BY WHATLEY

Congratulations to the dormitory students for their recent victories over the day students' softball team. Even though the scores were not very close, they gave no indication of the closeness of the games nor do they tell how hard both sides fought for a chance to break into the win column.

Well, there is a new sport added every issue, it looks like. This time the boys have been swimming. They were granted permission to use the army pool during the regular physical education period. The boys have used the pool five times so far, and they report that the water is more enjoyable each time. Even "Spike" Harrell has stopped cutting physical ed, since the boys have been swimming and playing softball.

Pvt. Eugene Preston Poe and Leon "Mennens" Gibbs were really on the ball the other day when the day students played the dormitory students in that much-discussed softball game. As the dormitory students had seen Poe and Gibbs play before, they let them play on the side of the day students. Poe surprised

everyone except himself by swatting the first pitched ball deep into the pitcher's box, whence he was thrown out by Davis. On his first time at the plate, Gibbs went down on three lousy swings; however, he made up for it on his next appearance by driving a deep fly to short-stop.

Davis, why do you and Poe cut classes in order to play tennis beside Ladies Hall? Is it to show off your manly physiques, or don't you get enough exercise? I know it couldn't be because you get bored with class.

What are athletics going to be like next year? Well, we can only wait and see, but the students at Elon should have a lot of fun with intercollegiate sports returning to the campus. Here's hoping there are enough boys on the campus to play football. That seems a large order with so few on the campus this year, but maybe it will happen. Anyway, just wait till next year.

See you in September!

Did You Know?

By GENE POE

Once when we had a bad cold we asked about thirty different people for a cure and we got thirty different remedies.

Not so long ago a man asked a number of different people what to do to get ahead in the world and each time he received a different reply. Most of them were worth remembering so we give them to you for what they may be worth.

First . . . Learn to laugh. A good laugh is better than medicine.

Second . . . Learn to tend to your own business.

Third . . . Learn to tell a story. A well told story is as welcome as a sunbeam.

Fourth . . . Learn the art of saying kind and encouraging things.

Fifth . . . Learn to avoid all ill-natured remarks and everything likely to create friction.

Sixth . . . Learn to keep your troubles to yourself. The world is too busy to care for your ills and sorrows.

The last and extremely important one is . . . Learn to greet your friends with a smile. They carry too many aches in their own hearts to be bothered with any of yours.

DORM STUDENTS TAKE SOFTBALL LEAD AGAIN

On Wednesday, May 3, the dormitory students' softball team defeated the day students by the score of 8 to 1. Davis, the campus students' pitcher, held the day students to four scratch hits while Stanford, the day students' pitcher, was touched at will by the opposing batters. The campus students took advantage of every opportunity and turned most of their hits into runs.

For the dormitory students, Register and Taylor were outstanding in the outfield while Shannon Morgan did an able job of holding down the hot corner at third base. Franks and Weston were the leaders of the day students team with Marlett and Walker providing the spark for the outfit.

Have a Coca-Cola = ¿Qué Tal?

(WHAT'S UP?)

... in Panama as in Pittsburgh

¿Qué tal? is the friendly What's up? of the citizen of Panama. Equally cordial is the Have a "Coke" of the American soldier. Around the world Coca-Cola stands for the pause that refreshes,—has become the high-sign of friendly-minded folks.
