

## Sloans Leave For Sweden At End Of Semester Here

Dr. and Mrs. W. W. Sloan will leave Elon immediately after Commencement May 30 to spend four months in Europe this summer, studying and traveling on their own as guests of the governments of the Scandinavian countries. Both trips across the Atlantic will be made by air.

The tour came out of an invitation extended to Dr. Sloan by the Swedish government to travel in that country, at government expense, in order to gather material for lectures which could later be delivered in this country. Later Norway and Denmark joined Sweden in offering free transportation within their boundaries.

Arrangements for their tour abroad, including a conference with the Crown Prince of Sweden, have already been relayed from Europe.

A tentative itinerary, as outlined by Dr. Sloan, includes travel and study. After spending several weeks in Scandinavia, they will travel south through Germany to Switzerland. At that point Mrs. Sloan will part company with her husband on July 17 to go to the University of Madrid in Spain where she will study from July 21 until August 20.

Dr. Sloan will himself return to Sweden to study at the University of Uppsala from August 1 to August 20. They will meet again in London August 21 and spend nine days touring England and Scotland before boarding a plane in Glasgow for the return trip home.

Dr. Sloan says he came to the attention of the Swedish government through the recommendation of a professional lecturer who heard one of his addresses on the Palestine situation delivered at Shorter College in Rome, Ga.

## Students Vote To Give Money For New Gym

As a means of contributing toward the construction of the new Alumni Memorial Gymnasium, the student body last week voted unanimously to increase the student activities fee from \$5 to \$10 for the next five years.

The student action should make available approximately \$20,000 in the five-year period, a tremendous help, according to Alumni Secretary Jimmy Darden, in the face of recent price increases on building materials.

Darden, who appeared before the students in Chapel on the morning the action was taken, said that prices have gone up since the estimated cost of the building was set at \$125,000 three years ago and that outside help was needed now.

After the motion was discussed and passed, Claude Manzi, president of the "E" Men's Club, presented Darden with a check for \$100 to "get the ball rolling."

## NOTICE

All students wishing to do self-help work at the school next year are requested to place applications in the office of Paul Plybon, field secretary, immediately.

All applications should be in before the end of this semester.

## Carolina Featured In The June Issue Of 'Holiday' Mag

The University of North Carolina is featured in the June issue of Holiday as the institution which has earned Chapel Hill the label "Capital of the Southern Mind."

A 4800-word article, written by Jonathan Daniels, describes the University as "a place with ardor for romance and for reform." Even during Civil War days, says Holiday, the University's combination of "high ideas and hilarity" brought it the next-to-largest student enrollment in the country. The article points out that the University's purpose is people and not merely students.

## Walls Of Gym To Be Erected In Near Future

The latest report on the progress of the Elon College Alumni Gymnasium shows that the foundation has been laid, the contract for the steel erection has been given, and that the cornerstone of the structure will be laid by the Grand Lodge, A. F. and A. M., of the State of North Carolina at high noon on Alumni Day, May 28.

Of the estimated cost of \$200,000, \$80,000 has been raised in cash and pledges. Concerning the unanimous vote of the student body to increase the student activity fee in order to contribute to the unraised amount, James Darden, Alumni Secretary, said:

"It was a magnificent gesture on the part of the students to vote to increase their student activity fee, and I feel that this will have a very good effect on the Alumni."

According to the proposed schedule, the gym will be ready for basketball by Jan. 1. It is planned to have the walls finished and roof on the gym by Sept. 1, and the inside of the building will be finished and equipped during the fall and early winter.

## Elon's Prof. Albert Coble Named Group Sec.-Treas.

At a meeting held in Chapel Hill two weeks ago, Prof. Albert Coble was elected secretary-treasurer of the Mathematics Section of the North Carolina Academy of Science. By virtue of this election, Prof. Coble will automatically become chairman of next year's annual meeting.

## Monroe Award Will Be Made At Graduation

Mr. W. L. Monroe, an alumnus of Elon College and a landscape gardener in Atlanta, Ga., has established awards here for the boy and girl "making the most improvement" during the college year.

The awards which are to be made during graduation exercises, will be \$50 to each boy and girl.

Last year was the first year the award was presented. Winners were Mrs. Lucy Everette and Warren Johnson.

Suggestions are made by each member of the faculty, and a faculty committee selects from the list the most deserving boy and girl on the basis of information presented. Faculty decisions were filed Tuesday of this week.

Dr. Dollar: Well, we've never had to stop in the middle of a collection to empty the pape.

This organization is made up of most of the math professors in the state. Its purpose in meeting is to hear research papers and consider the problems of teaching.

The term of office is for one-year's duration, and as secretary, Prof Coble will also serve on the program committee of the organization.

The next meeting of the Mathematics Section of the North Carolina Academy of Science will be held at Woman's College, Greensboro. This is one of two such organizations in the state, the other being the North Carolina Section of the American Mathematics Society.

Prof. Coble has recently received an extract of an entry on himself which will be included in the new edition of "Who's Who in the South and Southwest." This publication is by the same publishers that put out "Who's Who in America."

At these annual meetings, each school is allowed to present two bills. If a bill passes, it is presented to the State Legislature as a resolution expressing the sentiments of state students on whatever public issue it concerns.

The Elon delegation presented a bill to provide for election of County voters in each county, and it was passed by an overwhelming vote.

The Elon delegation to the student Legislature were as follows: Mizell, Gerald Chandler, J. W. Blanchard, Raymond Hayes, Virgil Money, Thomas Wolfe and Arthur Fowler.
