

Cage Play Continues In Intramural Leagues; Three Teams Share Lead

The interest continues keen in the intramural basketball race, which features eleven teams in two leagues. The Fraternity League still has six teams, but the Veterans' Club withdrew from the Dormitory League to leave only five teams.

Three teams share the leadership in campus play. East Penn stands alone at the top of the Dormitory League with four wins and one loss, while ITK (A) and Sigma Phi are tied for the top ranking in the Fraternity League, each with four wins and one defeat.

Games played within the past two weeks in the frat loop saw ITK (A) defeat West Penn 73-42 and Day Students 54-48 in overtime, while dropping a game to Sigma Phi 65-46. In the latter game John Platt set the season mark for scoring with 27 points. Sigma Phi also defeated Alpha Pi 67-38, but lost to Day Students 61-30. Kappa Psi posted three wins, over Alpha Pi 65-33, over West Penn 64-46, and over Day Students 51-48. Alpha Pi copped a forfeit from West Penn.

In the Dormitory League East Penn dominated South 59-55 and North 56-44 but lost a forfeit to ITK (B). East posted two wins, downing ITK (B) 31-19 and North 50-47. South defeated ITK (B) 61-34.

The top five scorers in the Fraternity League includes Rice, Kappa Psi, 87; Barnes, Sigma Phi, 84; Gaither, Kappa Psi, 76; Swicegood, ITK (A), 58; and Robertson, ITK (A), 53. Leaders in the Dormitory League are Slaughter, South, 58; Scott, South, 54; Green, South, 51; Stempinsky, East Penn, 46.

The standings through February 3rd:

DORMITORY LEAGUE		
	W. L.	Ave.
East Penn	4 1	.800
South Dorm	3 1	.750
East Dorm	2 2	.500
ITK (B)	2 3	.400
North Dorm	1 3	.250

FRATERNITY LEAGUE		
	W. L.	Ave.
ITK (A)	4 1	.800
Sigma Phi	4 1	.800
Day Students	3 2	.600
Kappa Psi	3 2	.600
Alpha Pi	1 4	.200
West Penn	0 5	.000

- Elon 73, W.C.T.C. 60.

- (Remaining Games)
- Feb. 8—Guilford, away.
 - Feb. 12—East Carolina, away.
 - Feb. 14—A. C. C., home.
 - Feb. 16—Lenoir Rhyne, home.

Polio Campaign Called Success

The March of Dimes campaign for polio for 1955 proved highly successful, according to Dr. Paul Cheek, who reported a total contribution of \$938 from the people of the college and community. Outstanding was the \$364.50 derived from the Mothers' March in one evening.

Dr. Cheek expressed appreciation to the Freshman Class for its efforts, which gathered \$106 with special projects such as road blocks. He also thanked the fraternities and sororities which took collection at ball games and stated that \$222 were directly due to efforts of Elon students and faculty.

Special mention was made of the work done by the high schools of the area, with Kay Hughes in charge of the drive at Elon High games and with the Key Club, Junior Civitans, Keyettes and Civinettes collecting at Williams High games. The local Negro school contributed \$50 to the cause.

Elon Cagers Win Over Catamounts

Grabbing the lead early in the game, the Christian basketballers went ahead to a decisive 73-60 victory over the Western Carolina Catamounts in a Conference battle in Alumni Gymnasium here last Saturday night. It was the second win over the Catamounts this season and kept Elon in contention for loop honors.

The Catamounts scored first, but Ed Juratic sent Elon ahead for keeps after four and a half minutes when he tipped in a rebound basket. The big rebound artist continued his fine work under the boards as he sparked the Christians to a 35-22 half-time margin.

Coming back strong after intermission, the Maroon and Gold cagers widened the lead to eighteen points at one time in the third period, which saw Frank DeRita on a hot streak in the Elon attack. The slender freshman center racked twelve points in that third quarter with hooks and rebounds for baskets.

Hank Hamrick, scrapping senior guard, took over the show to spearhead Elon's play in the final quarter as the rival squads went down the stretch swapping basket for basket. The speedy little southpaw rammed in three floor shots and a pair of free throws in the final drive.

Pos. Elon (73) W.C.T.C. (60)
 F—Maddox (12) Shamel (9)
 F—Juratic (21) Williams (14)
 C—DeRita (16) Wilson (6)

ON THE SIDELINES

(Continued From Page Three)

and they embarrassed sportswriters who picked them for a cellar spot.

Now the Maroon and Gold hoop forces are cavorting around the hardwood in an effort to bring home the bacon for the old school. They're doing a good job too. The basketball squad is getting the support of the fans in numbers that the football forces never saw, unless it was on the road.

The third major sport is baseball. In a few short weeks, bats will be cutting the air, and balls will be soaring into the stratosphere as the local diamond experts start getting in shape for the coming season. This is a team which saddens the heart of aspiring rookies, filled as it is with talented veterans. The baseballers are really expected to win in a big way for Elon this year, and it's easy to see why.

Well, it's time to hop down off the soapbox. But maybe these confusing statements have gotten through to you. This is a big year in the making for Elon, and next year may be a bigger one. Soon the name of Elon College will get the publicity it so richly deserves. Meanwhile, we students can show our appreciation for winning squads by attending the games and giving the teams our loyal support, for that is a large factor in the construction and performance of a winner in any sport.

What I didn't mention earlier in the column was that on my last trip home a friend of mine did say, "You guys beat Davidson didn't you?" It seems he had seen the score in the paper. What he hadn't seen was the sores of other decisive wins ricked up by our Elon gridders. Now, I'm predicting that in the near future, through the efforts of our athletic teams, people will begin to hear more about our little school down in the heart of North Carolina.

ELON'S JUNIOR CLASS OFFICERS

The officers who are leading the activities of the junior class during the 1954-55 college year are pictured above. Left to right, they are Dalton Parker, of Suffolk, Va., president; Jo Ann Wright, of Burlington, secretary; and Gary Thompson, of Norfolk, Va., vice-president. Not present for the picture were Terry Emerson, of Lewes's Beach, Del., junior representative in the Student Legislature; and Lois Scott, of Elon College, Honor Council member for the class.

Business Training At Elon

KOREAN STUDENT

(Continued From Page One)

acquaintance with America and American ways, and one day last week took off alone on a bus trip to Greensboro and Guilford College, where he visited other students from Korea and from China who are in attendance at Guilford, Greensboro College and Woman's College.

Lee brought with him gifts, including a pair of handmade brass shoes and a doll, which he presented to Field Secretary Roger Gibbs as a token of appreciation. The field secretary has previously had other gifts from Korea, sent by other young men who seek to enroll at Elon. There is a possibility that others from Korea may also arrive in time for the coming spring term.

SCHOLARSHIP CONTEST

(Continued From Page One)

appearance. Following the Monday competition, the contestants will report back to Elon with their classmates on Wednesday for the regular "High School Day" program, and winners will be announced at halftime of the Elon-Lenoir Rhyne basketball game on Wednesday night, when the top-ranking boy and girl will be crowned "King" and "Queen" for the day. Other contestants will serve as a court of honor.

based on the knowledge that many of the fine positions open to men and women in business are actually reached through the channels of secretarial service.

The secretarial program is designed to meet the needs of students who plan to enter directly into business, or who may decide while pursuing the course that they would like to teach the commercial subjects in the high school or private business institutions. The prospective commercial teacher acquires from the lecture-project-laboratory plan of study a knowledge of the course prescribed by the State Department for certification to teach commercial subjects. Special attention is paid to technical skills and office procedure.

The present Business Administration program is devised to meet the demand for men and women with training for service in the broad fields of economic action, with a business curriculum so designed that the student can effect a proper degree of specialization. Any of three related phases may be emphasized.

1. Administration of commercial or industrial enterprise.
2. Research and economic analysis.
3. Practice of secretarial science in its application to enterprise or to commercial teaching in the high school.

The value of training in business administration lies primarily in its adaptability to all types of business and in its proven ability to shorten the period of apprenticeship required for advancement to executive positions.

Cage Games In Progress For W.R.A.

The Women's Recreation Association, which is right in the midst of its basketball season, has five teams in the battle for the girls' cage championship, which is attracting much interest among members of the association.

Teams battling for the title include the Upperclass Dorm team, the Upperclass Day Students, the Day Student Freshmen, the Maroon Dorm Freshmen and the Gold Dorm Freshmen.

The Upperclass Dorm girls posted a decisive 36-18 victory over the Upperclass Day Students in the first round games, while the Day Student Freshmen defeated the Gold Dorm Freshmen by a 48 to 25 margin.

Particular interest in the basketball play hinges on the selection of a varsity girls' squad from the girls playing with the various intramural teams, and tentative plans are in the making for that varsity group to play similar teams from Wake Forest, High Point, Guilford, Carolina and Woman's College in a series of play day games. Such games, if played, would be staged in the afternoon, giving students a chance to see them.

Plans are underway by Miss Louise Moseley for the addition of golf to the girls' physical education program after basketball is completed, with the girls having a chance to learn the game at a local driving range. This program is expected to attract much interest.

In addition to golf, the physical education program for the remainder of the year will also include social, modern and folk dancing, badminton and archery.

LIBRARY NOTES

This week's library notes will be concerned with the new books in the field of athletics and physical education; and, since there are so many books that go to make up the list, space will permit only mentioning the titles. Reviews are not necessary for most of the titles, but the content of the book.

For the convenience of persons interested in examining these books they will be placed in the bookcase just north of the charge desk and will remain there ten days. Among the books are:

"Methods and Materials in Physical Education and Recreation," Bucher; "Scientific Principles of Coaching," Bunn; "Program of the Modern Camp," Burns; "Curriculum Designs in Physical Education," Crowell; "Kinesiology of Corrective Exercises," Hawley; "Principles and Techniques of Supervision in Physical Education," Irwin; "Curriculum in Physical Education," Irwin.

"Health for Effective Living," Johns; "Introduction to Physical Education, Health and Recreation," Johnson; "The New Physical Education," Johnson; "Methods in Physical Education," Kozman; "Intramural and Recreational Sports for Men and Women," Leavitt; "Teaching Health and Safety in Elementary Grades," Patty;

"High School Intramural Program," Scheerer; "A Guide to Health Instruction Program for The Secondary School," Schroeder; "How To Teach Physical Education to Children," Sehon; "A Manual of Strapping, Bandaging and Splinting," Thorndike; "Teaching Physical Education in Elementary Schools," Vannier; and "Administration of Physical Education," Williams.
