

Sigma Phi Tops ITK In Series

The Sigma Phi Beta cagers, coming back for two straight victories, defeated the Iota Tau Kappa outfit two games to one in a play-off series for the 1961 campus championship. The ITK quint copped the first game 41 to 40, but the Sigma Phi lads bounced back for two wins by counts of 59 to 46 and 52 to 50 to cop the title.

Eddie Clark, Jim Leviner and Jerry Osborne led the ITK outfit to victory in the series opener, but John Gozjack and George Wooten paced Sigma Phi to its win in the second game, and Gozjack and Wooten were joined by Dave MacIntosh in pacing the Sigma Phi win in the deciding contest.

It's the champions and the campus all-stars from the recently concluded intramural basketball season pictured above. The Sigma Phi Beta cagers, who clinched the campus championship by defeating the Iota Tau Kappa outfit in a post-season series, are pictured at the left. Members of the victorious squad, show left to right in the picture, are as follows: FRONT ROW—Joe Lee, of Iota Tau Kappa; Eddie Clark, of Iota Tau Kappa; John Gozjack, of Sigma Phi Beta. SECOND ROW—Tommy Oliver, of Kappa Psi Nu; Rex Hardy, of the Hotshots; George Owens, of Carolina Comets; Bill Troutman, of Carolina Comets; and Larry Hyman, of the Spiders.

Scribendi

(Continued from Page Two)

the advisability and practicality of a youth service program was undertaken by the Colorado State University research Foundation. On the basis of its report and similar studies by private research organizations, an Administration bill to establish a youth service program will be presented to Congress within the next few weeks.

The following is taken from an article by Representative Henry S. Reuss in the February 1961 issue of the "Progressive." In a talk at Cornell University in Ithaca, N.Y., I suggested the idea of a Point 4 Selective Service for young Americans, neither husybodies nor misfits, with some degree of expertness, and a willingness to serve their country for a few years in far-off places, at soldiers pay. IS THE GREATEST ADVENTURE OF THE AGE. The response there—wherever else I have discussed it—was electric.

Here fellow students is a challenge! If you are interested in more information I will be glad to talk with you.

This week I have selected another senior man to be the student of the week. This senior is one of the strongest supporters of student government on this campus and has been one of the most active members of the Student Government Association for the past several years. I heard some one comment just the other day that this student was the most dependable person on campus! If you have ever been in any of the Senate meetings on Wednesday night you know the warm personality of David "Alf" Plaster. A person who believes in getting things

done in the right way! Liberal but firm and always on time. This is the kind of men this institution needs—dependable!

Alf is a senior from Bassett, Va., is president of the senior class, has served as a member of the Student Senate for several years, has been a member of the varsity track team and active in intramural sports. A major in business administration and economics, he is a member of Kappa Psi Nu. He has been one of the most active and outstanding members of Kappa Psi. Alf was also listed in Who's Who this year. Alf makes his exodus this May and will be missed!

The Revision Committee of the Student Senate has been working on the revision of the Constitution of Elon College for the past several months. The entire student body will vote on the changes late this semester. Alf Plaster is chairman of this committee.

Another group of students has been looking into the Honor System and the attitude of students towards the System, and have come up with some very interesting ideas and surprises!

Now to lighter subjects again! To certain faculty members who have been worried about fraternity pledges—have no fear they don't really bite! They won't bother you or take up the railroad tracks unless you give them good reason to do so; Marching is a necessary part of the plan for making better men;

I don't know why but I always think of Frank Lawrence or Pat Patterson when I come to this part of Scribendi;

It is true that some people are just babies and can not keep food off their shirts!

Meet The Baseballers...

Christian Nine Is Lacking In Experienced Pitchers

(Continued from Page Three)

JOHN KOENIG — A senior reserve pitcher from Havertown, Pa., Koenig has been a pitching reserve for three seasons. He is 6 feet tall and weighs 185 pounds. Bats and throws right.

STEVE WELCH — Welch, a freshman from Asheboro, looms as a freshman from Asheboro, looms as though he stands only 5-10 in height and weighs only 158 pounds. He bats and throws right.

ROY ERLANDSEN — A freshman from Saddle Creek, N.J., Erlandsen is another likely first year prospect, despite the fact of small size. He stands only 5-9 in height and weighs 145 pounds. He bats and throws right.

WILLIAM EVANS — Evans, a freshman from Fayetteville, is another first year prospect who is handicapped by lack of size. He stands 5-11 in height but weighs only 155 pounds. He bats and throws right.

INFIELDERS

C. G. HALL — A senior letterman from Leaksville, Hall was a regular at shortstop last spring. He stands only 5-8 tall and weighs

145 pounds, but he has speed and is a good glove man. He bats and throws right. Hall is a former letterman in basketball.

JERRY PIKE — Pike, a junior letterman from Siler City, was a regular at third base last spring and may be on the hot corner this spring. He is 5-9 tall and weighs 140 pounds. He bats left and throws right.

EDDIE CLARK — A junior letterman from Chapel Hill, Clark played both first base and second base two years ago, but he did not play ball last spring. He is 6 feet tall and weighs 183 pounds. Bats and throws right.

JIM LEVINER — Leviner is a junior from Laurel Hill and is making his first bid for baseball honors. He is 5-11 and weighs 185 pounds. Bats and throws right.

JACK CAVANAUGH — A sophomore from Bayside, N.Y., Cavanaugh was a reserve infielder last year. He is 5-9 tall and weighs 156 pounds. Bats and throws right.

WAYNE MEHANES — A sophomore from Madison, Va., Mahanes is a football letterman making his first bid for baseball recognition.

He is 5-7 tall and weighs 172 pounds. Bats and throws right.

BOB ALCANTERRA — Another sophomore from Brackenridge, Pa., Alcanterra is also a football man making his first baseball bid. He is 6-2 in height and weighs 195 pounds. Bats and throws right.

JERRY NANCE — A junior from Martinsville, Va., Nance is also a newcomer in baseball. He is 6-1 tall and weighs 200 pounds. Bats left and throws right.

JIMMY HOLMES — A junior from Effland, Holmes is still another newcomer on the Elon baseball scene. He is 6 feet tall and weighs 150 pounds. Bats and throws right.

KEN COOKE — A sophomore from Hillsboro, Cooke is a football halfback and star track man who is taking his first try at Elon baseball. He is 6 feet tall and weighs 172 pounds. Bats and throws right.

TOM KELLY — A sophomore reserve from last year, Kelly hails from Henderson. He is 5-8 tall and weighs 180 pounds. Bats left and throws right.

OUTFIELDERS

STEVE WALL — A junior letterman outfielder from Greensboro,

six dormitories (for male students); on the top of the tower is an observatory commanding an extensive view.

The hallways are 12 feet wide, affording ample room to pass through the building. The chapel is entered by two broad stairways, making it of easy access, and affording ample means of escape in case of danger. Every room has a fireplace and a separate flue for a stove, should it be at any time desirable to use stoves. The chapel and society halls are provided with stoves. In the basement are two rooms for furnaces in case it should be hereafter determined to heat the building by hot air or steam; and one room under the tower for flowers and evergreens.

"Some of the rooms are 16 feet high; others 14 feet high; all well lighted and ventilated. The windows are large and provided with weights so they can be raised and lowered with ease. Transoms are over inside doors. It is hoped that other advantages and conveniences may be added soon in the way of electric lights, etc., thus making Elon College the joy and pride of our people, a great center of influence, a blessing to humanity and a glory to God."

East Dormitory Built Early — East Dormitory was constructed about the same time as the "Main Building." It provided housing for young women and for some faculty families. It has been reported to us that the total cost of construction of these two buildings was ap-

proximately \$8,000, the total value of buildings and grounds being approximately \$30,000.

There were no endowment funds for the young college. It was not until the Convention session held in Raleigh in 1898 that the church adopted a plan to "raise money annually" from the Conferences and through local churches for Elon College. The churches were asked at that time to raise a sum equivalent to an endowment of \$36,000 at five per cent interest.

At the 1900 session of the Convention, which met at Franklin, Va., the Twentieth Century Fund for Elon College was authorized and resulted in the sum of \$12,000, to which Francis A. Palmer, of New York, added \$20,000. At the Convention meeting in Asheville in 1902, Dr. W. W. Staley, then president of the college, reported Elon out of debt for the first time in history and with an endowment fund of \$30,000.

The first donation to the endowment was made by the Rev. O. J. Wait, D.D., in the sum of \$1,000, and the bequest of Mr. Palmer and proceeds of the Twentieth Century Fund accounted for this first endowment of \$30,000. The first public appeal for funds for Elon was made at Berea Christian Church in Nansemond County, Va., and resulted in the giving of \$631.05, of which Deacon W. J. Willis, a trustee of the college from 1888 until his death, gave \$250.

President Long served as financial agent as well as the first president, and he had many moments of dismay and discouragement. He reported later that three times he covered unfinished walls with boards when the money had been exhausted and went out to start a new campaign. His son, the late Dr. Will S. Long, told of his father selling his old home at Graham to get funds for the work. President Long rode and drove "Old Bob," his faithful horse, thousands of miles to raise funds for those first buildings.

Fitzgerald is making his first baseball bid after playing as a member of the football squad two years ago. He is 6 feet tall and weighs 180 pounds. Bats left and throws right.

LEROY MYERS — A junior letterman from Mayodan, Myers has proven himself a fleet outfielder and steady hitter. He is 5-10 tall and weighs 165 pounds. He bats and throws right.

TED EANES — A senior letterman from Martinsville, Va., Eanes did not play baseball last spring. He is 5-11 tall and weighs 160 pounds. Bats and throws right.

DANNY HALL — A speedy freshman from Leaksville, Hall is a brother of Elon's veteran shortstop. He stands 5-9 tall and weighs 150 pounds and bats and throws right.

ED FITZGERALD — A sophomore from Stamford, Conn.,

Plans For Elon Were Laid In Graham

(Continued from Page Two)

afterward by the building of East Dormitory, which still stands upon the Elon campus.

The General Assembly of North Carolina chartered Elon College on March 11, 1889, and on May 7 that year the first shovel of dirt was removed for the foundation, and on May 20 the first brick was laid. That first brick was laid with appropriate ceremonies by Lizzie Jane Long, young daughter of Dr. William S. Long, who became the first president of the new college. The corner stone was laid on July 18, 1889 by the Masonic Order. Brick work was by John W. Long.

First Building Described

A description of the "Main Building," better known as the "Administration Building," was given by President Long in a report to the Convention in 1891, and his description is of interest: "The building is three stories high, 129 feet long, and 57 feet from front to rear, with an octagonal front 25 feet in diameter, running up 104 feet. The outside is of pressed brick and presents an imposing appearance. On the first floor are 13 recitation and lecture rooms; and on the second floor a chapel 71x56 feet, which can be made 29 feet longer by means of folding doors when additional room is needed; a reading room, an office and five music rooms; on the third floor are two society halls, a library, a museum and

Co-Rec Carnival Draws Interest

The Sigma Phi Beta-Delta Upsilon Kappa combo scored 79 points to top the Iota Tau Kappa-Beta Omicron Beta team by four points for the championship in the first Co-Rec Carnival, which was held under sponsorship of the Phys Ed Majors Club on March 14th.

Other teams and their scores were Smith I-West II with 32, Smith II-West III with 21, New Dorm-Sigma Mu Sigma with 19 and Smith III-Virginia I with 3 points. A total of 126 persons competed in the program.

New Pledges

(Continued From Page One)

welder, of Southern Pines; Ellen Burke, of Graham; Judie Hudson, of Mentone, Ind.; and Donna Welborn, of Winston-Salem.

PI KAPPA TAU, with ten members added three pledges. Members are Carolyn Anderson, Lorraine Fiske, Carolyn French, Mary Ann Hepner, Linda Perry, Barbara Smith, Eleanor Smith, Eleanor Stephenson, Janet Watkins and Judy Wright. Pledges are Maxine Bean, of Granite Falls; Joan Blythe, of Burlington; and Nancy Young, of Angier.

TAU ZETA PHI, with twenty-two members, added five pledges. Members are Judy Brown, Becky Carlyle, Freddi Chicello, Nancy Clark, Linda Combs, Doris Faitcloth, Dorothy Hawks, Melver Henderson, Phyllis Hopkins, Janette Inge, Glenda Isley, Patty Jones, Jane Keck, Joanne Keith, Amy Litten, Judy Maness, Jane Morgan, Judy Samuels, Eleanor Smith, Della Marie Vickers, Helen Wright and Sally Wright. Pledges are Wendy Cowall, of Washington, D.C.; Gail Hettel, of Hampton, Va.; Chris High, of Duluth, Minn.; Carey Keogh, of East Orange, N.J.; and Carol Traggessor, of Arnold, Md.

Track Team

(Continued From Page Three)

been received with disappointment by many cinder fans among the faculty and students, who for ten years or more have flocked to the Christians home meets on the fast cinders at Burlington Memorial Stadium.

The letter veterans back in school include Eddie Burke, who won Conference titles in both hurdles last spring; Ken Cooke, who was a strong half-miler and a fine quarter-miler in the relay team; Jack Moore, quarter man and relay team member; Dick More, one of the finest weight men in the Conference; Alf Plaster, distance man in both the mile and two-mile; Lennie Riddle, high jumper; Grady Tuck, quarter-miler and relay man; Garrie Warren, a fine weight thrower; and George Wooten, fine sprinter and broad-jumper.

Catawba Game

(Continued From Page Three)

The Elon line also turned in a fine game, with the Christian defenders effectively halting the Indian attack most of the game. After Catawba's long scoring play by Elkins, Jean Worthington broke away once for 60 yards to the ten, but the Elon line rose up to halt the threat. Standing out in the Christian line were guards Gene

Stokes and Cameron Little, tackle Charlie Rayburn, center Billy LaCoste and end John Gozjack.

Scoring by periods:
Elon 6 8 0 0—14
Catawba 8 0 0 0—8
Elon touchdowns — Clements 2 (5-run, 4-run). Extra points—Gozpack (pass from Wooten). Catawba touchdown—Elkins (46-yard run). Extra points—Elkins (plunge).

Talking Sports

(Continued From Page Three)

other intramural activities during the spring season.

And, on the campus sports scene, I would like to congratulate the Phys Ed Majors Club for its fine work in planning and staging the recreation carnival, an event in which the Sigma Phis and their sorority sisters emerged with top honors.

A cultured woman is one who by the mere shrug of her shoulder can adjust her shoulder straps.
