# Christians Top Catamounts 92 To 81 In Conference Battle

## Elon Quintet **Topples Lions** By 16 Points

Displaying a balanced scoring attack through both halves, the Fighting Christians of Elon turned back the Frederick Lions 72 to 56 in a non-conference battle on the Frederick court on Wednesday night, February 3rd, with Elon posting her tenth win of the season as the Christian cagers continued to gather momentum in the late season.

The Christians got another great performance out of All-American Jesse Branson, with the big Elon forward pumping in 37 points against the Lions. The big boy hit 16 points in the first half as the Christians moved to a 33-27 margin at the halftime break. Branson sharpened his shooting for 21 points as Elon outscored Frederick 39 to 29 in that final period.

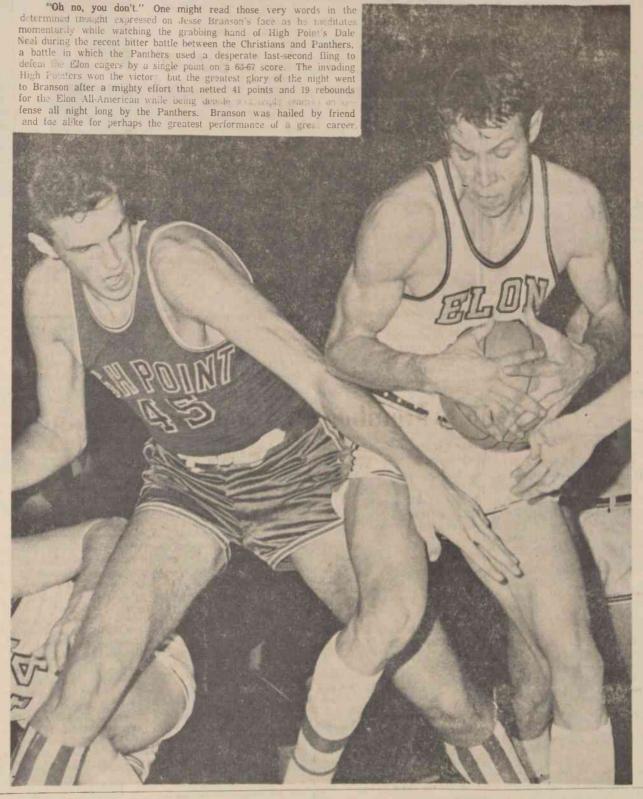

The big night for Branson shot the Fighting Christian star to the front in the torrid race with Western Carolina's Henry Logan for the Carolinas Conference scoring leadership. Going into the Frederick game, Branson trailed Logan by barely one-tenth of one point in the Conference statistics, with Logan averaging 27.7 and Branson averaging 27.6 points per game.

Branson's 37 points last night, added to the 33 counters he hit against Atlantic Christian on Monday night, moved the Elon forward to a 28.5 average in 17 games. Logan managed only 26 points against Lenoir Rhyne last night and is averaging 27.6 points in 18 games to date. In addition to his fine shooting against Frederick last night, Branson also pulled down 13 rebounds.

The Fighting Christians had two other boys in double figures in the scoring columns, with Richard Such and Dave Winfrey each hitting for 12 points against the Lions. Bill Hodges, who hit 22 points, was the only Frederick player to reach double-figure scoring.

The line-ups: Pos. Elon (72) Frederick (56) F-Branson (37) F-A. Davis (6) Hodges (22) Murray (6) C-Van Lear Shell (8) G-Atkins (5) G-Winfrey (12) Hemphill (7) Half-time: Elon 33, Frederick 27. Elon subs - Such 12, Andrew, T. Davis, Mixon. Frederick subs
