

# Ever Been Forced To Adapt To An Incompatible Roommate?

The days of incompatible roommates and limited space are over. Introducing Partners Place Elon—a luxury condominium complex like nothing Elon has ever seen. Every 1,500+ SF unit has three suites—each with its own private bath and large walk-in closet, a shared living room, fully-equipped kitchen, large sunroom, and an extra room for den or dining. All condos are pre-wired and networked for high-speed Internet, cable TV and alarmed security. The professionally managed community offers lots of free parking, an outdoor grilling area, a car spa center with vacuum, volleyball and basketball courts, horsehoes pits and Wi-Fi wireless Internet in community areas. Best of all, Partners Place Elon is located just minutes from campus.

Rental applications are being accepted now for August 2006. Condominium rentals start at \$1,425. Ownership and investment packages are also available now for Phase I. Package prices start in the mid \$160s.
