July 14-August 20

# The Voice

Congratulations!  
Class of '49

"DIGEST OF STUDENT OPINION"

VOLUME IV

FAYETTEVILLE, N. C., APRIL 7, 1949

NUMBER 5

## CAMPUS LEADERS

One finds here a sort of a "Who's Who" of student leadership at "State" for the 1948-49 school year. They are: back row (left to right), Maragret Patterson, Fayetteville, president, Off-Campus Club; Virginia Wimbush, Clarksville, Va., president, Dormitory Association; Bertha Barnes, Goldsboro, Editor, Student Publication — the "Voice"; William Harrison, Rocky Mount, president, Varsity Club; Eunice Stinson, Pinehurst, president, Women's Collegiate Club. Middle row (left to right) — Charles Black, Lexington, Ky., Superintendent, Campus Sunday School; Bernard Davis, Clarkton, former president, Freshman Class; James E. Purcell, Fayetteville, president, Drama Guild; Charles Mumford, Clarkton, president, Gilreath Club; Mollie Boone, Woodland, president, Y. W. C. A.; James Pelham, Goldsboro, president, Y. M. C. A.; Henry Jones, Spring Hope, president, Sophomore Class. Front row (left to right), Catherine Jones, Millboro, Va., president, Chestnut Book Club and June McCown, South Boston, Va., president Junior Class.

## The Curry-Barnett Nuptials

Baltimore, Maryland was the scene of a beautiful wedding when on the evening of February 5, 1949. Mr. Walter Lewis Curry, pre-law student at Howard University and Miss Wilhelmena Barnett, instructor in history at Fayetteville State Teachers College said vows in the presence of friends and relatives. A native of Ohio, Mr. Curry is a veteran of World War II, he served as Master Sergeant in the European theatre.

Currently, the Currys are making their home in Washington, D. C.

## INFORMATION FROM THE DEAN'S OFFICE

The dates for the summer school have been set for June 6 to July 13 for the first session, and from July 14 to August 23 for the second session. Whereas it was planned earlier to have only one six weeks term this year the regular two session period will operate as a result of student needs. A sizeable enrollment is anticipated. We are hoping that several new courses will be offered for the first time including a course in Urban Sociology, American Democracy and Government, and possibly Medieval History. Not all the faculty has decided as to their summer plans which makes it impossible to indicate in detail at this time what teachers will be on the summer-school staff, or what guest professors will be invited to participate.

In the next school year it is the hope of the institution to add courses in Chemistry, Anatomy and Physiology Two or three additional teachers will be secured in certain other areas so that more emphasis may be given to the correlation of the work of the institution with the needs of the in-service teachers.

It is now possible to graduate from the College without fulfilling the requirements for Student Teaching. Such graduates, however, will not be prepared to secure a teacher's certificate until they complete the student teaching requirement. In line with the suggestion of the Division of Professional Services of State Dept. Public Instruction, the curriculum will be organized mainly around three areas: the child, the community, the student teaching. It is recognized that not everyone in attendance at the College will desire to teach, and also that not all persons desiring to teach possess the necessary qualifications. By the adding of certain courses such as Chemistry and Anatomy, it is hoped that more students will come to the institution for the expressed purpose of getting preparatory work for such fields as Nursing, Medicine and the like. The upper half of the curriculum is geared primarily for those who

## IT WAS FUN

Fayetteville students are finding new ways to have fun. They presented at a recent Gilreath program a highly-entertaining quiz

## Liberian Student Likes "State"

"Everybody is nice; the students and teachers are very friendly" is the reaction Mrs. Beatrice Williams expresses to her four-weeks stay at "State". "I had always heard that Americans were friendly".

A former teacher in the College of West Africa in Monrovia, Liberia which she explains is now no more than a high school, Mrs. Williams has come to Fayetteville to complete her college work preparatory to going back to her native country to teach.

While she likes them all, Mrs. Williams says that her special interests lie in English and in biology. When asked why she had chosen to attend "State", our newcomer replied, "I have always heard that Fayetteville was a good college."

## FROM LIBERIA

Pictured here is Mrs. Beatrice Williams, a former teacher in the college of West Africa in Monrovia, Liberia. She comes to complete her course at "State" preparatory to her return to the classroom in her home country.

program worked out by James Pelham, Melvin Hunter and Betty Warren. Mr. Pelham served as quiz master. It was Mr. Charles Mumford who answered the jackpot question.
