

Exchange Of Secrets

The cameraman caught co-ed Bessie Johnson, sophomore from Morren, N. C., and left guard Charles Richardson, a junior of Kentucky, exchanging secrets. Could Miss Johnson's smile mean that they have reached an agreement?

Extension Classes

For the second consecutive year classes on the Freshman level are being conducted at Fort Bragg. This year forty-eight men are registered for the work in English, Mathematics and the Social Sciences. As Ten Freshmen See It

Ten freshmen selected more or less at random agreed to write the editor a statement of their opinion of "State" after spending six weeks on the campus. Their comments follow:

"My friends recommended Fayetteville State Teachers to me. I like "State" because of the warm atmosphere that surrounds the campus."

Charles Berkley
Mamaroneck High
Mamaroneck, N. Y.

"When I found that I was coming to Fayetteville State, I built up a dislike for it, but since I have been here among the friendly students I have learned to like

Return To College

It is a good sign when young ministers return to college. Pictured here are (left to right) the Reverend Henry Bobbitt and the Reverend Allie Jones, both of Fayetteville, who in addition to duties as full time pastors, find time to carry a full schedule at "State."

Making Good

"Making good" is the manner in which the staff designates William "Bill" Bowser of the class of '42, who is doing well as a "disc jockey" on a local radio program.

State Student On Local Radio

Thirty-two year old William J. Bowser of Fayetteville who was graduated in the class of '42 became a "first" in the city of Fayetteville when on June 13, 1949 he accepted a position as a "disc jockey" for the local W. F. L. B. radio station. Mr. Bowser's program is known as the "Eye Opener Club" because it is heard from 6:15 to 7:00 o'clock in the morning, Monday through Saturday. It is sponsored by the Negro business men of Fayetteville.

Mr. Bowser is married to the former Miss Myrtle Jones. They have two children — William James Jr., four, and James D. who is three. Mr. Bowser says his biggest thrill thus far came "the day when I received over a hundred letters and cards."

Another local young man, Mr. James Paye, appears on the same station at 11:05 to 11:45 p. m. Mondays through Saturdays.

dents and teachers to be a united body where friendship and encouragement exist."
