EDITORIAL **Every Penny** Counts

Again we are about to close another school year and all our students will return to their sections of our country. We have been living together as one big happy family for the last few months with an effort to increase and share our experiences. We have become more conscious of the importance of a college education in the securing of a responsible position in today's complex competitive world.

Each day should be thought of as a penny. A penny's value isn't much when it comes to buying goods out of a store, but if we save each penny for one hundred days then we have one dollar. cessful event. (One dollar, if it has added to it) more dollars, will soon grow to be hundreds of dollars). One day doesn't mean too much to us, and we fiddle our time away saying able. convincingly to ourselves, "I'll make it up tomorrow," but if a person makes a mistake and does not correct it then and there, he will make that same mistake again. So fellow students, keep this in mind each day: do your best; don't participate in just one thing; get your penny's worth by being active in curricular activities as well as in extra-curricular activities. Remembering the decision of the United States Su- profession. preme Court, we must "get ready" and "stay ready." We can't be good in one thing and poor in another, and the only way we can do good and be a jack-of-alltrades is to make every day count. Three things that will help us as prospective teachers of our country are to think, to work, and to serve. If we must reach success then, fellow schoolmates, we must think. The person who devotes some thought to any problem or situation, weighing carefuly positive and negative decisions; receives the best end-product. Work is a little word, but it takes a conscientious, ambitious, also informed of the great rewards and interested person to have a know we have to work, so why Now with those three little undertake?

JOYNER HALL NEWS The Spring Quarter has now ar-

ful school year. Among the out- bers attended the conference to Fellow Greeks, and the State and tensive part in the celebration. standing activities that were listed represent our campus "Y." They on her calendar was the dance were Delores Baker, Lelia Thompon her calendar was the dance sponsored for the benefit of the son, Marleen Pittman, and Marion Athletic Scholarship Fund. The

dance was very successful and as a result the proceeds were good. Miss Annie Ruth Carroway, an occupant of our dormitory, accompanied Miss L. P. Turner as a representative of the Drama Guild to the N.A.D.A.A., held in Nashville, Tenn. We are fortunate and proud of the Community Committee, and to have such a personality as Miss Carroway to represent our school. Joyner Hall is now in the process of sponsoring a Charm Week next fall. We are expecting to have speakers to talk to the students on different phases of culture in our society today.

With the cooperation of the students, we hope to make it a suc-

With the school year coming to an end soon, all of us in Joyner Hall are proud that the time spent in the dormitory was most enjoy-
