To Promote Ideas—Work ...

You, you, you, and I are filled with ideas about making changes, but are the ideas made a reality? In many instances they are not. We make suggestions about remolding our State Teachers College started the social life, about lack of recreational activities and lack of school year 1957-58 with particischool spirit, but that's about as far as we get—suggestions. pation in Freshman Orientation

I don't know if we make suggestions in hopes that some-one will use his ingenuity in materializing our suggestions or if when they are made we have intentions of exerting that one thing needed-work.

Suggestions usually arise because there is a need for them. "The Devil and Daniel Webster." Someone sees a need for a change or an improvement and suggests. This is only the first step. Secondly, plans must be made. This involves sitting down and doing a little plan-ning. Before getting something worthwhile, one may draw up and discard several plans. In the process of formulating Speech Arts of which Miss L. P. plans he will note that time has been consumed and he has Turner is president and the Inter-

plans he will note that time has been consumed and he has worked; however, only part of the job has been completed. Thirdly, one must convince others that his ideas and plans are good. This can be done by telling others about the plans and in telling them enthusiastically the idea will catch "fire" with them and consequently they will tell others. Al-though your plans are good, you think, don't hesitate to ac-cept other ideas that can be integrated with yours, thereby cahereing the plans. Alenhancing the plan. Again time has been consumed and you College, Princess Ann, Md., where teresting and helpful are articles have worked. After convincing others, then it is time to present the plans Festival of the Intercollegiate in other parts of the world. to those in authority for their approval, disapproval or re-vision. After your plan is approved by those in authority, it must be presented to everyone that it affects to be voted Each Monday night from 7:00 upon. If approved, then the plans must be put into action to 8:00, the Drama Guild has its in the community, such as cheer- berland County. with everyone working. Whenever your ideas become a reality you will have worked to make it so.—THE EDITOR. Weekly meeting. This year we have an enrollment of 67 members.

We Pledge Allegiance

The Future Alumni was organized two years ago upon a founda-tion of loyalty. Its main purposes are to increase school spirit and to prepare seniors for a life of active participation in the General Alumni Chapter of Fayetteville State Teachers College. Before we can do this, however, we must

recognize the obligation of service which one owes to his fellow students and to his college. The Future Alumni recognized these obligations, and therefore we sincerely pledged our allegiance to the following:

To Fayetteville State Teachers College which has served for the past 80 years as a haven for students who have a thirst for knowledge and a desire to enter the well chosen teaching profession.

To Our Faculty, a source of inspiration, whose leadership has served as a guiding star to lead students away from the path of ignorance and into the light of wisdom

To Our Fellow Students whose unremitting efforts, accelerated progress, interest, enthusiasm, and support have shaped the destiny of our college and made it a community of scholars.

To The General Alumni Association to strengthen the ties of fellowship and lay a foundation whereby all students will cherish the memories and associations that hey may gain here. To the "Mothor" chapter, we, the Future Alumni of Fayetteville State Teachers College, pledge our loyal support as we join your ranks next year. Alex Purcell, President
