Mr. O. J. Stutzman, Ames Laboratory representative, acquaints Henry Terrell with the many possibilities of graduate assistantships available.

THE VOICE STATE COLLEGE

VOL. 21 NO. 7

Fayetteville, N. C.

MARCH 22, 1968

LAURA LEAVES LEGACY

By CORNEL DAVIS

Laura Gilmore, Editor of The Voice. will be sorely missed by the staff and advisors next year. She graduates in June. The talented, energetic Miss Gilmore has held the editorship for two years, a first in the annals of F.S.C. News gathering.

Including this issue, Miss Gilmore has sent eighty-six pages of news to print in sixteen issues, within a sixteen month span, both journalistic records at F. S.C.

She has molded the staff into a smooth clicking, deadline-meeting unit, made striking innovations in the makeup of The Voice, and helped new comers to become much better news and feature writers.

Miss Gilmore's editorial, "F. S. C. Career Plans," appeared in the February edition of Tuesday Magazine, an organ of internatonal prominence. She received a gratifying stipend for the effort.

In addition to her abilities as editor-writer, Miss Gilmore is a poet of merit who wonthe 1966 National Library Contest Prize for her poem, "Experiencing Experience." She is a Business Education major who plans (Continued on page 4)

Mrs. F. R. Weber at left, and Miss Elizabeth McIntosh, second from right, oblige this quintet of FSC coeds with some of the lab's treasures.

New Learning Lab Impetus For Better

Work by ROOS

by ROOSEVELT McPHERSON

Are you doing your practice teaching or soon will be? Are you having difficulty grasping the fundamentals of a particular subject, say for instance, trigonometry? The newly opened Learn-Laboratory in 101 Science Building is programmed to give the students a chance to review, to pass Civil Service Exams, National Teacher Exams and State Merit Exams, and to sharpen their skills in particular subject areas. The Laboratory covers 28 fields of study and is

The Laboratory covers 28 fields of study and is planning for additional ones in the near future. Just to name a few subject areas, there are business, chemistry, physical education, fine arts, modern languages, and health. Placement inventories are administrated in some of the subject areas.

stered in some of the subject areas.

Students work independently of instructors but there are coordinators there, Mrs. Weber, and Miss McIntosh, above, who have expressed their willingness to give any student personal assistance in certain subjects if needed. Students progress at the pace they desire and use the Laboratory at the hours most convenient for them, between 8 a.m. and 5 p.m., Monday through Friday.

EIGHT F. S. C. STUDENTS IN COLLEGE

LAURA AND FRIENDS.

PRESS AWARDS

Eight FSC students have placed entries in the Charlotte Observer and News' College press awards.

The contest is opened to senior colleges in North and South Carolina. Five categories are included. Best news story, Best Feature Story, Best Editorial, Best Sports Story, and Best College News paper (larger colleges, over 1500 enrollment, and smaller colleges, under 1500 enrollment).

Graduate Assistantships Abundant

Ames Lab Recruiter Seeks F. S. C. Students

By CAROLYN RICHARDSON

A representative of The Ames Laboratory at Iowa State University consulted with F.S.C. seniors on February 26, about positions available there for graduate assistantships. The laboratory is a laboratory of the U.S. Atomic Commission.

Mr. O. J. Stutzman, representing the Ames recruitment program, said positions were available in chemistry, physics, metallurgy, chemical engineering, ceramic engineering and computer science. The positions are half-time positions where the individual works approximately 22 hours per week and carries eleven hours of course work in graduate school. The stipend varies from \$265 to \$320 per month dependent upon qualifications.

Mr. Stutzman said that openings for junior scientists in the fields of chemistry, physics and computer science were being anticipated. He stated that full time positions where the individual works 44 hours per week with a research group and with approval, may carry up to 5 hours of course work in graduate school. After this program, a masters degree is obtainable in 3 1/2 years, with a salary range from \$650 to \$700 per month.

Mr. Stutzman said they also had a Summer Student Trainee Program for students majoring in Chemistry, Physics, Metallurgy, Chemical Engineering, Ceramic Engineering and Computer Science. To be eligible for participation, the student must be completed his junior year of college, have an above average scholastic record and be well recommended by his professors. The salary for the trainee position is \$100 per week.

ANNUAL WOMEN'S WEEK ACTIVE BY HUBERT SIMMONS

Fayetteville State College bustled with activity

TAYLOR JONES IN NEW POST

Mr. Taylor Jones has been selected by President Jones to take over the newly created post of Director of Admissions at Fayetteville State. Mr. Jones took over the post at the beginning of the second semester.

He previously served as Registrar and Director of Admissions at Elizabeth City State College from 1944 to last year. Coupled with his experience as a public school teacher and principal, Mr. Jones represents a valuable cog in F. S.C. machinery.

chinery.
Mr. Jones holds an A.
B. Degree in English from
Virginia Union University
and an A. M. Degree from
Teacher's College, Columbia University.

At Union, the talented Mr. Jones starred in football, basketball and track. He also participated in dramatics.

Mr. Jones has two daughters, Cheryl Elizabeth and Clarissa Evelyn, and three sons, Taylor II, Peter, and John C.

The Conference Room in Smith Building has been conveniently rearranged.

between March 17 to March 22 marking the first annual women's week of the F.S.C. Women's Council.

Mrs. Anna Arnold Hedgemon, a former Federal Government and New York City employee, keynoted the events with a beginning talk, "How You Use Today Will Determine How Tomorrow Will Use You."

Mrs. De Vera Edwards of the Pharmaco Cosmetics Company, who devoted

Mrs. De Vera Edwards of the Pharmaco Cosmetics Company, who devoted Monday, March 18, to make-up, hair care and grooming, came to F.S.C. with extensive experience in this field. She served as fashion coordinator for the first "Ebony Fashion Fair." She has travelled extensively in the country and abroad. Her present position with the Pharmaco Company involves conducting charm clinics at conventions, expositions, meetings, schools, and at professional and civic events. Tuesday, March 19, was

Tuesday, March 19, was devoted to a fashion show and wig-a-rama using F. S.C. students as models. Mr. Edwin Little of Beaux Arts Salon made the wig presentation at that time and clothing was provided through the courtesy of Mr. J. W.—(Continued on page 4)—
