IF YOU HAVE A PROBLEM MYRTLE HAS AN ANSWER

Dear Myrtle,

I have a boyfriend whose measurements are 36-24-36. I love him but its getting to the point that whenever we walk down the sidewalk he gets more whistles than I do. Something's wrong!
Wondering

Dear Wondering,

You said you love him. Does he love you? If the answer is yes, you have no problem. What's the point in wanting whistles when you have him.

Myrtle

Hi Myrtle,

I am in trouble. I find myself surrounding women that only want your money or ride in your car, they really don't want to socialize or be serious. I have tried talking to several girls here at FSU and to my disappointment all they wanted to do was say let's go here, let's go there, and buy me this or buy me that. This has been their whole program for my two years at this place.

What can I do to change this or is there any hope? Someone help me, I am in desperate need of enlightenment. Would it do me any good to play hard?

Love Problems

Dear Love Problems,

Unless it's someplace that you are going yourself let these particular ladies know very politely that you are a student too and that you will need money for gas. If the young ladies would get together and pay a small fee, no-one would be out of a great deal. Just say you'll furnish the car if they'll furnish the gas.

As far as your social life is concerned perhaps it's better to just be friends on a social basis until something that is for real comes your way. No, don't play hard to get, just be yourself.

Myrtle

Dear Myrtle,

I am a very stable man I believe, but something, or really I should say someone has shaken up my life. She entered it in a very casual way and the way she acts and the way her eyes look when I look into them is driving me out of my mind.

I want to try to get next to this prime example of a woman in the worse kind of way, but I'm afraid since I have led such a distant life that I won't know how to approach her. By the way she's an AKA and that may mean trou-

ble. Thank you for listening.

Out There

Dear Out There,

Let nature take its course and I'm sure the outcome will suit you.

Myrtle

Dear Myrtle,

I have this problem with a fellow whom I admire very much. You see, he admires me also but there is this other fellow that loves me deeply and is very jealous of anyone I talk to. My problem is what am I to do?

Miss In-Between

Dear Miss In-Between,

You said the other fellow loves you. Is he your boyfriend? Do you love him? If no is the answer to both questions don't worry about him.

Myrtle

Dear Myrtle,

Help! Help! Help! I have a room mate who doesn't like girls. I'm wondering does he have a problem.

Ego

Dear Ego,

Your room mate is suffering from a rather unusual problem, although it is perfectly normal at this age to shy away from girls. Possibly, there was some heart-

break in a previous relationship or maybe there was some female problem in his household while younger. Nevertheless counsel him and have him engage in more social affairs where you can associate him with a fine female. It could be that he needs your assistance and confidence in succeeding with a love affair.

Myrtle

Dear Myrtle,

What should I do about a gobble of a young man that can't even buy me a cheeseburger once in a while?

No Nobs

Dear No Nobs,

If you are hungry and you ask the young man to buy you a cheeseburger that you know he can afford but does not, then he really isn't too concerned about your starving. On the other hand, if he cannot afford it you had better start eating enough in the dining hall to make up for that you won't get when you are out with him.

Myrtle

Dear Myrtle,

How can we keep these high school students off campus?

Deep Freeze

Dear Deep Freeze,

There is no way possible that we can keep high school students off this campus. Matter of fact, it might be encouraging for them to be on campus, and to see what college life is like.

Myrtle

Dear Myrtle,

People say that I cheat in class. What should I do?

The Cheater

Dear Cheater,

The way that you signed your name, indicates that you are a cheater. If you are falsely accused cheater, you should have signed your name falsely accused cheater. And if you are not a cheater then you should not worry about it. The main point is that you are convinced with yourself and your instructors that you are not a cheater.

Myrtle

Dear Myrtle,

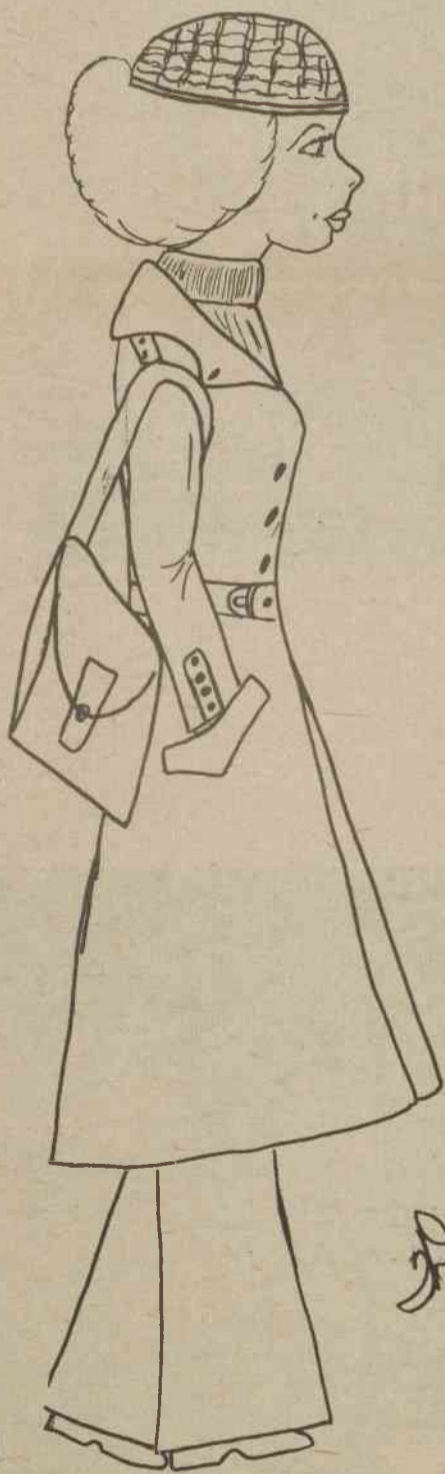

I would like very much to get down with you. Please let me know in the next issue of the newspaper.

Unsatisfied

Dear Unsatisfied,

I was very unsatisfied when I read your problem. I'm not interested in any "ups" or "downs" with you.

1. The skull cap and midi coat are in this year. This military look is "where its at." The wide strap shoulder bag, the turtle

neck, and the bell bottoms really set it all right.
2. The "sly hat" tops off this fly set. The double breasted leather

coat with belt and pleat in back makes a "boss" outfit when matched with a dog-eared collar shirt and bell bottoms.

3. This mod set is super cool. It's a wide-leg knit jumpsuit with a low, low strung belt, matched with a print cotton knit shirt.
