

What's Happening, Broncos?

As I see us now, we are all victims of conversing more than we produce and this is the danger of our unity as a black institution. If we would only stop elaborating on what we have already done and start striving to accomplish those things undone, then we can look forward to harmony, unity and great achievements as a University.

Broncos, whether we accept it or not, we are here together and if one link of our chain is weak then the total chain cannot withstand the heavy load of what is and what is to come.

Now, is the time for us to strengthen our weak points and start to producing in abundance those good works we've been conversing to people about. Now is the time for us to constructively deal with these weaknesses that we may not lose what strength we have.

Broncos, let us yield in our strengths and work on your weakness and strive to improve our University. Let us strive for better communication and bring out that unified, harmonious love we have for one another. Let's continue to strive to be the best university around.

I realize that positive thinking and a determined mind can overcome all things in time, but all of us can't lead, we need to join together and reap positive results. Together, BRONCOS, we will stand but divided we will FALL.

In Christ

Yes, It's A Process

Love is very patient and kind, never jealous or envious, never boastful, never haughty or selfish or rude. Love does not demand its own way. It is not irritable or touchy. It does not hold grudges and will hardly ever notice when other will do it wrong.

It is never glad about injustice, but rejoices whenever truth wins out. If you love someone you will be loyal to him no matter what the cost. You will always believe in him, always expect the best of him, and always stand your ground in defending him.

All the special gift and powers from God will someday come to an end, but love goes on forever. Someday prophecy, and speaking in unknown languages, and special knowledge, the gifts will disappear. There are three things remaining - faith, hope and Love - and the greatest of these is LOVE....
