

## Suspended

Take a walk?  
 Thanks...  
 What's on my mind?  
 You and me...  
 I haven't done well this year  
 In what? You ask  
 I should have known  
 you don't even know  
 because you never ask  
 you don't care...  
 I am talking about school  
 Yes, school  
 and yes, that's what I'm all  
 upset about!  
 why shouldn't I be  
 I'm wasting my parent's hard  
 earned money  
 I'm wasting my time  
 and You---  
 I thought you loved me  
 You said so  
 You said...  
 so...you must be thinking  
 you do love me?  
 Believe you?  
 It's hard to  
 you never ask about my school  
 work  
 just to go out  
 then you keep me out late  
 or rather I let you  
 Still, I, I haven't been very  
 reasonable lately  
 and for my actions I shouldn't  
 be held responsible  
 for I called myself being in  
 love  
 and acting out of love  
 ...love...  
 I never thought love would  
 tear down  
 rather than build up  
 I never thought love would  
 inspire one to sleep all day  
 and miss all kinds of classes  
 rather than inspire you too  
 excel and do well  
 in every endeavor (at least  
 most)  
 I see now,  
 this isn't love  
 this is "All for Myself"  
 you don't care about me  
 just you  
 cause if you did

SUMMER "COOL" STUDENT—Beautiful Fayetteville State University (N.C.) senior coed Debbie Gamble knows how to beat the hot sizzling summer heat and get the books at the same time by wearing a bikini. A native of Columbia, South Carolina, Debbie

is a political science major who plans to enter law school. She also is a master of the tenor sax in the Bronco Marching Band. Right on, lovely lady from the Palmeto State. (FSU Photo by John B. Henderson)

You would be listening  
 rather than watching those  
 girls  
 in their halters and summer  
 shorts walk by  
 I see, I've made a mistake  
 maybe I can start all over  
 with my grades, my concept  
 of love--  
 hey, and one thing's for sure  
 I can do without you  
 pulling me down to the ground  
 making me less that what I  
 was born  
 to be...  
 an intelligent woman...

## The Quest

And in our quest to be the best  
 and know the best  
 we sometimes neglect the  
 good and the better...

And in our quest to be the tops  
 and know the tops  
 we sometimes miss out on the  
 bottom--our foundation...
