

"A Consolidation"

By ROBERT ROCK, JR.
By RONNIE McLEAN

Look around you
Has it found you?
Opening our windows
Letting life come in.
Is existence worth the cost of giving?
Sowing the seed of beginnings
Planting fields of friendship
Moments, filled with warmth and love,
with pain and hardship and loneliness
and darkness.

Longing for the need of a class friend.
Don't we all play the same game;
Don't we all need love and respect?

Looking at life in only one way (mine)
Hearing only what we want to hear
pushing love out!

Can't we all be simple? Would you accept
me for what I am not for what you
want me to be?

Can we be:
Loving, cause that's all I have
Giving, cause it's all I want to do
Sharing, its ways are acceptable
Living, its cup is full of happiness
Look around you
Has it found you?
Opening our windows,
Letting life come in.

To My...

"Mocha Mist"

By SHARON PIPKINS

Knowing you barely as I do,
Yet seeking to learn much more.
When boldly you mentioned you're
"Mocha Mist",
I knew of excitement in store.

A thing in common between us two,
Is the enjoyment of personal verse.
We'd share lines of thought and heart,
Had we ever been each other's first.

Yet we do have what is best to have,
That's a friendship with a little twist.
Twisted secure from thoughts of ending,
This relationship with you: "Mocha
Mist!"

Chuck '81

"Simile"

By VALERY FRAZIER

To: Michael and Brita

Like peanut butter and jelly
You tend to stick together...
No matter if the day is nice
Or, if there's a change of weather...

Like a brush and a comb
You hardly use one without the
other...
I admire your togetherness
Like a child and its mother...

As you continue to
Explore in your love...
Don't be knocked by
Judges on the side...
Continue to hold each
Other's hand
And be that perfect guide...

Indispensable Love

By GLENDA LENNON

Love is a powerful thing
It has its ups and its downs.
It has its happy times as well as frowns
But if you let it happen on its own,
You won't have to worry about it drifting
on.

It makes me think
It makes me dream
It makes me wish for you
No matter how stupid it may seem.

Love has proven to me that I am happy
Love has shown me all I see
And I know wherever you are,
Is where I will always be.

For me love has been nothing in the
past
But now I know that what we share
Will always last.

Love says reach out and touch
And the love you'll share will never
Be too much.

Sometimes we may laugh, groan and
Even cry.
But you know my love for you will
Never ever die.

You know the road will be long, dark
and hard
But just work, love and cherish me
And above all keep up your guard.

I intend to love you and let you know I
care
I'm going to assure you that I love you
And let you feel that I'll always be
there.

Even though your health may be bad
And a few problems may be sad
I want you to know that I am happy,
And to be with you, I am extremely
glad.

Your pride, strength and feelings
Are the assets of this team
And with me by your side,
Things will always be more than a
dream.

I promise to love you and be true
To be yours always,
Day in and day through.

As I see the lovebirds sitting in the tree
I think of how they must be happy
And I wish it were we.

As each day comes to an end
I pray that the Lord will bless
Me to see you again

I dream about you and our love
But as I awaken,
My heart seems to flutter like the wings
of a dove.

My heart is light
My face is bright
My days are short
But never my nights.

My loves now flows
My face just glows
My feelings are high
Therefore, I never intend to say Good-
bye.

I love you "Darling".

Mind Games

By SRI WALTERS

Shine, open up your mind
To mind games that we all play
What's a mind game you may say
I took her mind she took mine
I lost hers she kept mine
Mind Games
The games that we play from day to
day
Just trying to find a better way
Living life from day to day
Searching for another way
Mind Games
Loving a lady with all your heart
but having it just tearing apart
Seeking things we seldom find
Searching for peace of mind
Mind Games
Would you like to play
Find yourself a lady and
You'll be on your way
Mind Games

Dreaming about Blonds

By PETE

There's something about her I just
can't place,
To see her smile is a wonderful sight;
There's something about her beautiful
face,
She's why I dream about blonds every
night;

And three times a week she's usually
there,
And I'm usually thrilled with delight;
Glitter and sparkles fall through the
air,
I dream about blonds again last
night.

It's only a smile, a dream and a touch,
A touch that's only a gentle brush;
So why should I think about her so
much,
It couldn't be more than a crush.

My Feelings

By VALERY FRAZIER

It makes me feel so good
To talk to you at night...
And when I don't receive your call
I know some'in ain't right...

It makes me feel so sad
To see you looking down...
You can imagine what happens to me
When you don't come around...

It makes me feel so guilty
To hide something you should know...
Especially if it causes
Our love to decrease, not grow...

It makes me feel relieved
To know that you're number one...
And if problems shall arise
We'll employ until it's undone...

Second Time Around

By FRANCES J. SELLARS

They say the second time around is
always better than the first time. And
with you baby, I hope this proves to be
true because I'm tired of feeling lonely
and blue.

With me, I hope you won't make the
same mistakes as you did with her.

For caring, sharing, and loving is what
I most prefer.

I hope my lonely nights and crying
days are over. I've had bad luck even
with a four leaf clover.

With you, I know these things - I don't
have to worry about.

For I hope in me you'll never find any
doubt.

I know our love song will be a popular
sound.

For with me, you will find love to be
far more better - The Second Time
Around!!!!

Lovin' Them Que's!

By SHARON R. PIPKINS

I want the world to know I'm a
sweetheart for the Que's,

You'll never know how much I really
love you.

I see them each day in their purple and
gold,

I'm a Pearl, so I know of the story un-
told.

People often ask, Why love an Omega
Dog?

Cause their the best frat., that's all.

I'm a Pearl of Fall '79,

With eight other ladies on that mighty
stepping line.

There are other sweethearts I know it's
true.

And you love your honey's as much as
I do.

It's been said before and I'm sure it's
not news,

But "I" want the world to know that

I'm a sweetheart for the Que's.
