NC A&T And Virginia State Added To Bronco Schedule

By John Henderson, SID

New head football coach Robert Pulliam of Fayetteville State University will entertain a ten-game schedule for the 1985 campaign beginning with Central Intercollegiate Athletic Association (CIAA) foe Bowie State College on September 7 on the road at Bowie, Maryland and ending with Johnson C. Smith University on November 6 at Charlotte, N.C.

The Broncos were 4-4-1 last year.

After Bowie State, the Broncos face an open date September 14 and will have a total of six games on the road and four at home.

Newcomers to the FSU slate are September 21 opponent Virginia State University and MEAC league North Carolina A&T University October 12. Both contests are on the road and will mark the first time in over 15 years FSU has faced CIAA conference Virginia State University and the first time ever for a football game against the A&T Aggies of Greensboro, North Carolina.

FSU faces a Bowie State club it defeated last year 27-13

followed by a September 14 open date. September 21 the Broncos travel to Petersburg, Virginia for the first meeting between the two conference teams in over 15 years. FSU travels to North Carolina Central University September 28. Last year the Bronco-men lost by two, 24-22, to the Eagles.

The first home contest is October 5 with CIAA conference team Norfolk State University. Three years ago, the Norfolk State eleven dropped FSU 28-12 in the tidewater area. October 12 is the road date for the FSU-A&T battle which is homecoming for the Aggies. The two schools have not ever met previously on the gridiron.

October 19 FSU hosts Winston-Salem State for its annual homecoming affair. The Broncos lost 20-14 to the Rams last year. The Broncos travel to Livingston October 26. The FSU-men won 21-16 over the Blue Bears last year. November 2 is a home date with Elizabeth City followed by non-league foe UDC and closing out the season with J.C. Smith on the road.

Scandal

(continued from page 6)

Kareem Abdul-Jabbar and Dr. J. (who recently returned to finish his degree) should be given more time on television to deliver their message of the balance between education and sports.

For too many of the 1.5 million high-school and 30,000 college athletes life after competitive sports is often empty and alienating. It is a national scandal with dimensions that are robbing our youth of much of their, and our nation's, potential. Surely the time has come when universities can assure that the promises made to our student athletes are actually kept.
