Scott Farmer

(Cont'd from page 2)

tant dates to be published every Monday between the publication of *The Broncos' Voice*. Assisting Sharon will be Judy Allen and Retonia Cotton. So, if you have any info. to get out, a dance, meetings, or anything of interest, contact: Ms. Carr or any newspaper staffmember at the office. Ph.# 486-1357. Sharon invites you to help her make this new idea a success.

On the production side of the staff, there are two Associate Production Managers, Pre-Deadline and Post-Deadline. Mary Blythers and James Raynor fill these positions. These production managers report to the Managing Editor. Working for the production managers are several reporters. These people are the backbone of the staff. Without them, there would not be a staff. These reporters are: Carol Graham, Wanda Hamm, Sharon Bell, Judy Allen, Retonia Cotton, Clifford Duncan, Charles McClen- don, Sarah Malloy, Sharon Carr and Todd Parker.

So, anytime you have a complaint, of heaven forbid, a compliment, you now know all our staff members. Just talk to any staff member; they will be more than glad to handle your problem. Just stop by our office located in the Student Center or call us at Ph.# 486-1357, or, if you're interested, join the staff and be a part of the team that makes things happen.

(Cont'd from page 2)

past. Now the administration knows how a portion of the students feel. We want the holiday.

Let's review the accomplishments of Dr. King. The Reverend Dr. Martin Luther King, Jr., born in 1929, dedicated his life to winning equality for all people. Dr. King was awarded the Nobel Peace Prize in 1964 for his leadership in the Civil Rights Movement. Dr. King was assassinated in Memphis, Tennessee in 1968.

On a sadder note, in this day and age, is the fact that racism still exists. Just recently, civil rights' marchers in Georgia were met by people (I use the term loosely) who threw rocks and bottles. Some of the aggressors were reported to be members of the Ku Klux Klan. In New York three black men walking in a predominantly white neighborhood were chased with bats. One of the black men, in the course of fleeing for his life, was chased into the path of an oncoming vehicle and died.

What does all of this say about the state of the United States? It says that racism is alive and well. That is why it is very important for Americans to remember Dr. King and what he stood for. I think that this cause could best be served by setting aside an entire day to commemorate the works of Rev. King. However, I also think that the burden of providing activities to insure that students remember why they are out of class should fall on the backs of student organizations.

Let's face it; a holiday for Dr. King is not an impossible task; several other schools in the UNC-system did it. Why not Fayetteville State?
