

# Student Government Association

*Wallace Hollywood Haywood,  
President*

*Anthony Ratliff, Vice President*

We, the members of the Student Government Association, are proud to be representing the Fayetteville State University student body for the year 1991-92. Our sole purpose is to make sure each student has a certain amount of input for on-campus events. Also, we believe in giving everyone the right amount of respect he/she deserves.

During the school year, we have many exciting ideas and activities planned which will include homecoming activities, holiday events, dramas, speeches, and university awareness programs. Hopefully, we can uphold our promises and make this year (and years to come) prosperous for the university. We sincerely hope that our students will support their SGA.
