WITH AN EXCITING NEW NOVEL

Available

2008

Author of *Behind the Veil* and *A Love So Deep*, Suzetta Perkins will release her third novel on May 6, 2008. *EX-Terminator, Life After Marriage* brings a fresh view to life after divorce as five women and a man struggle to move beyond their feelings of loss, failure, and abandonment.

Can new love be found, even while the old still lingers and haunts everyday thoughts and actions? As these brokenhearted people form a support group to help each other in the midst of their stormy lives, little do they know how much they will come to mean to one another or how each one will be changed by the healing power they discover.

Suzetta Perkins is Secretary of University at Fayetteville State University.
