CROWN JEWEL

*Just because we just met and the sun has just risen
 Everything else from the past seems to be a passing daydream or vision
 So vivid a dream this is, to make real is the mission
 So exquisite to hear, yet so unreal when we listen
 I wonder, indeed, if those in the future will read
 Crimson notes from the sweet music we bleed
 And if another dream will grow from that seed
 Looking at your beauty is not a want but an evening need
 Your name is of a treasure for which I have greed (for)
 Need more of your crown jewels, yes, the more the better
 No need to ask if I got enough, 'cuz the answer is never ever
 Even the worst isn't need to ring alarms, (just as)
 Long as when it's over, I can have you in my arms, and
 Long as when it's over, you and I can still be
 I must admit, when the day is done, you're the only one I want to see
 So necessary to my being, it's as if you were made for me.*
