The Break Up

Hands up,
don't want to hear it.
Away from me liar.
The truth, you fear it.
No fact, only fiction that you say.
Done listening to stories,
Please move out my way.
No longer interested
If you did or not,
Don't care if you remember,
Of course you forgot.

No apology needed, nothing else to say.
Over this routine,
Walking away.
Mother would repeat,
When I acted ill
"If you lie, you cheat,
If you steal, you kill."

Buy Rare College Textbooks worth more than gold!

A student can walk into the campus bookstore and find a textbook that could be worth over a \$1,000,000 dollars one day, Here's how.

When you rent your textbooks at the beginning of the year select the books that are essential to who you want to be. A textbook that will allow you to achieve goals, this will be 90% to 100% of the books rented. Read, cherish, study, and love that book. Learn and listen to its secrets. Sleep with it under your pillow and wake up satisfied the next morning. With success, it will teach you how to become a Nurse, Accountant,

Teacher, any college graduate.

A college textbook can change you life, so keep it for life. Choose the option to buy at the end of (the) semester. It is a great business investment. A book that cost \$50 to \$200 dollars can earn a \$1,000,000 dollars in profit over the next 20 years of a college graduate(s) life in increased wages and provide limitless opportunities. Read it to your kids, write it down for future generations, to become millionaires. A five to ten pound textbook is literally worth its weight in gold. The bookstore is a gold mine.
