Young, Wild and Blue!

By Elvira Washington

Rodeo Week is here again! It's that time of year again where the student of SAC come together and plan a week full of events. SAC "Student Activities Council" are advised by Mrs. Gene Carroway and Gavin Myrick and volunteered students. SAC planned a seven day week of events every night during April 22-April 29. All events during the week take place in the evening time, reasoning being that is when most students are free.

Wednesday, April 25 G.L.A.M Fashion Show

Thursday, April 26 is our Inaugural Ball

Friday, April 27 will be the "The Break In" where SAC holds a dance in the Capel Arena.

Saturday, April 28 is the comedy show "You Only Laugh Once".

Sunday, April 29 is the memorable BRONCO FAMILY REUNION.

Rodeo week happens every spring

semester, a week before finals begin. Many students look at Rodeo week as a farewell for the semester. Several preparations go into Rodeo Week.

When asked an active member of SAC, Christopher Blackshear, how much planning and effort goes into Rodeo Week? He responded with "Not as much as welcome week and homecoming but more caution as far as budget is taken into careful consideration" in reference to Rodeo Week being the last week of school SAC has to be very precise of timing and their budget costs.

Behind the scenes of Rodeo Week is hectic, hours and hours of preparation is needed. One issue of the students and faculty of SAC face is making sure all contracts are signed and everything is order. They have to get permission from the people in residence life to have certain activities on campus, for the primary fact Residence life is in charge of locations on campus and need to be aware of any activities.

Thank you
to all students, staff, faculty and advertisers who have contributed to the production of The Voice during the 2011-2012 academic year. The Voice will be back in the Fall.

TO ALL THOSE WHO SERVED

THANK YOU FOR SERVING
