Backpack Give Away

By Ricky Dickens

Business owner Kevin Brooks, is all about giving back to the community and August 25 marked the fifth year of the annual Backpack Giveaway. Located in Bronco Square shopping center, Trimmerz barbershop hosted the event, which gave away nearly 500 backpacks.

"I wanted to do something to give back to the community, our community", said Brooks.

The event has grown from its original 100 backpacks, and each pack includes free school supplies. In addition to the supplies, Trimmerz hosted a cookout with free food and music. The Fayetteville Doggpound motorcycle club was in attendance, along with Ronald McDonald, and other games and activities for the children.

The Possession

By Cynthia Arroyo

Lately exorcist movies have become a cliché but 'The Possession' gives it a twist by stepping out of the Catholic realm. This time we are given the Jewish interpretation of exorcism. It also gives tells a story about a girl going to a yard sale and buying a pretty craved box that turns out to be a bad purchase.

The main source of the paranormal and frightening occurrences is a Jewish inscribed wooden box. The box becomes property of the Brenek family, a family separated by the fast paced life of Clyde (Jeffery Dean Morgan). Clyde tries to form a strong bond with his two daughters Em (Natasha Calis) and Hannah (Madison Davenport) since they live with their mother Stephanie (Kyra Sedgwick). Clyde takes his daughters to a yard sale where Em finds this beautiful engraved box. This box brings about violent and dangerous behaviors in Em when she opens it. Dybbuk an evil Jewish spirit who feeds off the souls of innocent children has possessed Em. Clyde is highly alarmed and stops at nothing to save his daughter from this evil and life-consuming demon.

Possession is definitely a well-crafted horror movie. Sam Raimi and Ole Bornedal really out-did themselves with this film. If you're in the mood for a good scare as well as suspense 'The Possession' is a definite go see movie. Fandango and I highly recommend this movie.

I Jumped

I jumped out of out of your boat into his then
I jumped again
just to end up swimming in the ocean (waiting for him)
Guess it is like they say there are more fish in the sea but
I saw many fish but their was only one kind of my sea
And that was you
Know I realize why I jumped out your boat into his
Just to end up where I am
Finding out the only reason I did it was because I was
still in love
with you and he was my safe zone
So I needed him
To fill this empty spot in my heart and to keep my mind
busy he
cause too many thoughts run through my head I need
him to fill a
void
So he gave me the attention I needed the communication
I craved
for and the love and affection I was a fiend for
So I am no longer a fiend or crave, need or want anything
from you Because now my best friend has become my
homie and turned into
my man
And I'm feeling like I'm in love all over again expect for
this time
it's real and right
So now you are ghost to my heart and stranger to my
thoughts
Because he was there when I needed help and that help
for me
turned into like to care to love to head over heels in love
with him
I jumped
Out of your boat into the ocean so I could be saved by my
destiny
And now you are just a fish under our cruise ship where
he is the captain and I am the queen
