

# A WORD FROM

I want to personally thank the student body for supporting me on my quest to being elected as the 2013-2014 Student Body President. Of course, I mentally prepared myself for the position but it is very surreal that I actually won. God is really taking control over my life because I do not always deserve the gifts he gives to me.

JALYNN JONES

Jaylynn Jones

I cannot make many promises but what I can say is that I will be an active president and a strong voice for all Broncos. I want FSU to make SGA work this year! I promise to stay true to Fayetteville State University. I plan to continue to build upon the foundation that Jermaine Pittman and Jermaine Coble have molded for FSU.

Let's make 2013-2014 a great one!
