Waller's Wisdom by Dean of Students

The Dean of Students' Office is invariably striving to improve the services offered to Wayne Community College students.

New activities are being sponsored and we encourage you to take advantage of them. If these activities are successful, we will continue having them. To participate, every student should take an active interest in the activities—not simply a vocal interest.

Students, Wayne Community College is your school. What you make of it depends upon you. There is no limit to the accomplishments that can be made by you and Wayne Community College. The establishment of a student newspaper is a perfect example of the accomplishments being made already. Support the Wayne Community College by serving on its staff or by contributing worthwhile material.

Likewise, we invite you to come by the Dean of Students' Office and offer any suggestions you feel may benefit the students and the college. If you have any criticisms concerning the college, please don't hesitate to let us know.

We have made a fine start this school year, and with your help, we will continue in this manner.

ETE Sponsors Car Wash

Sigma Tau Sigma Fraternity sponsored a car wash at the Phillips 66 Station on Berkeley Boulevard, Saturday, October 18. Charging only \$1.75 per car, the fraternity grossed over twenty dollars.

To celebrate the success of the project, the members of the fraternity and their invited guests attended a social get-together later in the evening.

Plans are now underway for entering the fraternity sweetheart in the Christmas Parade.

Compliment

Mr. Sam Hocutt, Chairman of the Board of Directors of Wayne Community College in a phone interview expressed his pride in the student body on the handling of the approved SGA budget. He also praised the students for their interest in activities of the college, such as sports programs, student union drive and the many other activities that the students of WCC participated in both the college and in the community.

Amahl Comes Xmas

The Choral Department of Wayne Community College, under the direction of George Troutwein, has begun practice on Gaiu-Carlo Menotti's opera "Amahl and the Night Visitors". The characters are: Fran Rogers of Goldsboro High school as Amahl; Pam Johnson as the Mother; Wilton Raynor as King Balthazar; Paul Brinson as King Melchior; David Dannehl as King Kasper; and Ashley Mosley of Goldsboro High school as the Page. Everyone is hard at work trying to get their performance "down pat".

"Amahl" is an opera about shepherds, a shepherdess and a small boy who gives of himself and in return reaps the happiness of life.

Officers of the Chorus have recently been elected. Eddie Hawley will serve as president; Fran Davis, secretary; and Martha Pate, treasurer.

If You Can't Drive It, Park It

Thomas Paine once said "These are the time that try men's souls," and I know he was speaking of the student parking lot at 8:00 a. m. It gets increasingly harder for a student to find parking spaces. When found, you are in the prime position of being caught for improper parking—which takes the form of being over the yellow line, parking in a restricted area, backing into the space or in general, being in the right place at the wrong time. Not only that, but chances are that your position is so far from the building that it takes a flat 10 minutes to make it to class.

A portion of the lot is not paved and creates pure havoc in foul weather. What ever happened to the interest of the student?"

The faculty has problems too. There are more misdemeanors to be seen in the faculty and staff lots than all three of the student lots combined. Especially in the form of improper position or parking over the yellow line. The traffic signal here is "HELP!"

Perhaps the remedy would be diagonal parking for the student lot, and a new lot for the faculty. With the expansion of the campus, the student number grows too and additional facilities are needed for parking. Why not pay for a little prevention now rather than wait later for the price of being cured.

Student Handbooks

Student Handbooks are available in the Dean of Students' Office. If you do not have one, come by and pick one up.

Rehabilitation Aide

The Rehabilitation Aide class began April 14, 1969, and was completed September 18, 1969. The class consisted of seventeen women under the supervision of Mrs. Janice W. Stump.

The six months course consisted of Psychology, Psychiatry, English, Math, Sociology, Child Development, Physical Hygiene, Clinical Practice, Seminar, and on-the-job training at O'Berry Training Center, Cherry hospital, the Rehabilitation Center at Cherry, and in two rest homes in this area.

One of the programs participated in was the Forestry Club Rodeo in which the class won two trophies; the rolling pin throw and the skillet throw. A prize was also won in baking.

Money was raised for the Student Union by having a pastry sale.

During May, the Mental Health month, posters were made for the corridor to emphasize some of the things being studied. This was a chance to let the public know more about the National Mental Health Association.

The students have traveled to different places to observe and to place applications. Some of the places visited were the Alcoholic and Rehabilitation Centers in Greenville, Dorothea Dix in Raleigh, Caswell's Training School in Winston, and the Mental Health Center in Lumberton, N. C.

The Rehabilitation Aide class graduated September 19, 1969, at Saint Mark Disciples of Christ church.

End of a Nurses' Day

Seven O'clock! And the nurses work
was done for another day
She heaved a sort of tired sigh
and put the charts away
Then sat for a moment and bowed her head
over the little white desk
"I wonder," said she to herself, "after
all, Am I really doing my best?"

"Perhaps I could have begun the day
with a brither, cheerier smile,
And answered the bells with 'Right away'
instead of 'After while'
And I might have listened with sweeter
grace to the story of Six's Woes',
She may be suffering, perhaps,
more than anyone knows.

And I might have refrained from a
halfway frown,
Although I was busy then,
When the frail little girl with sad
blue eyes kept ringing again and again.
And I might have spoken a kindler word
to the heart of that restless boy.
And stopped a moment to help him find
the missing part of his toy.

"Or perhaps the patient in Eighteen A
Just needed a gentle touch;
There are lots of things I might have done,
And it wouldn't have taken much."
She sighed again, and brushed a tear,
Then whispered, praying low,
"My God, how can you accept this day,
When it has been lacking so?"

And God looked down and heard the sigh;
He saw that shining tear;
Then sent his Angel Messenger
To whisper in her ear....
"You could have done better today,
But, oh! The omnipotent one.
Seeing your faults does not forget
The beautiful things you have done."
He knows, little nurse, that you love your work
In this house of pain and sorrow.
So gladly forgives the lack of today,
For you will do better tomorrow."
The nurse looked up with a grateful smile.
"Tomorrow I'll make it right!"
Then added a note in the order book....
"Be good to them tonight."

with the multiplier X, then "B" and "C" would be affected in an exact inverse relationship to the square of X. It is therefore the opinion of this writer that proposition A, B and C should be definitely be voted against in favor of the more sound proposition "D". Now you ask how proposition "D" got into the picture when we were originally discussing proposition "B". It is this....
