

Mrs. Ruth Bailey, printing technician, demonstrates the Collator machine to several other office workers. This machine saves time in assembling pages for tests and

booklets. Left to right are: Miss Jane Hardison, Mrs. Marie Benton, Miss Darlene Britt, Mrs. Christine Bunn, Miss Diane Casey, and Mrs. Joann Paul.

Terrific Year For Intramurals Foreseen

"We will have a terrific intramurals program this year," said Coach Jim Bennett as he beamed with optimistic anticipation.

Some of the items on the '71-'72 agenda are more pool tournaments, new table tennis tournaments, flag football and basketball in season.

Coach Bennett and Assistant Coach Bill Horner are planning more intramural activities for women this year in hopes that more will participate. They wish to emphasize intramurals are for everyone, gifted or not. The cost is almost nil.

Game schedules will be

BRINGING A DATE?

Go by the Dean of Students office and pick up your guest cards for the dance Thursday night. All dates of WCC students who are not students here must have a guest card.

determined by participation. Students should consider this an opportunity for meeting and becoming involved with schoolmates.

Flag Football

Anyone wishing to manage a team should see Coach Jim Bennett or Coach Bill Horner for a sign-up sheet. There will be a meeting of all individuals wishing to participate in flag football this fall. The purpose of this meeting is to organize the teams and review the rules of the game. If necessary, a clinic will be held for those unfamiliar with the rules of the game. The time of this meeting will be announced in the daily bulletin. This meeting is important — so that the number of teams can be determined and the schedule be made up. Games should begin around the second week of this quarter.

Entertainment In Goldsboro

What is there to do in "Greater Goldsboro"? What does this place have to offer? There are places to go and people to see! For a great "Saturday night at the movies" visit the Paramount or the Wayne theatres on Center Street or the East Gate Cinema (the rocking chair theatre) in the East Gate Shopping Center. There are several places to meet the gang after the movie. The Pizza Inn across from the college is a great place to go. Other pizza places are Sally's, Village Inn Pizza Parlor, and the Pizza Shop. Or you could hurry on down to Hardees where the burgers are charcoaled broiled! There are two in Goldsboro. Also MacDonald's welcomes WCC students.

Boulevard Lanes urges all WCC students to go out and demonstrate their skill in bowling. If tennis is your game, visit Herman Park. Someone from WCC is always there!

There are many other places to go in Goldsboro. Why don't you explore around and find them out? However, WCC offers you many activities!

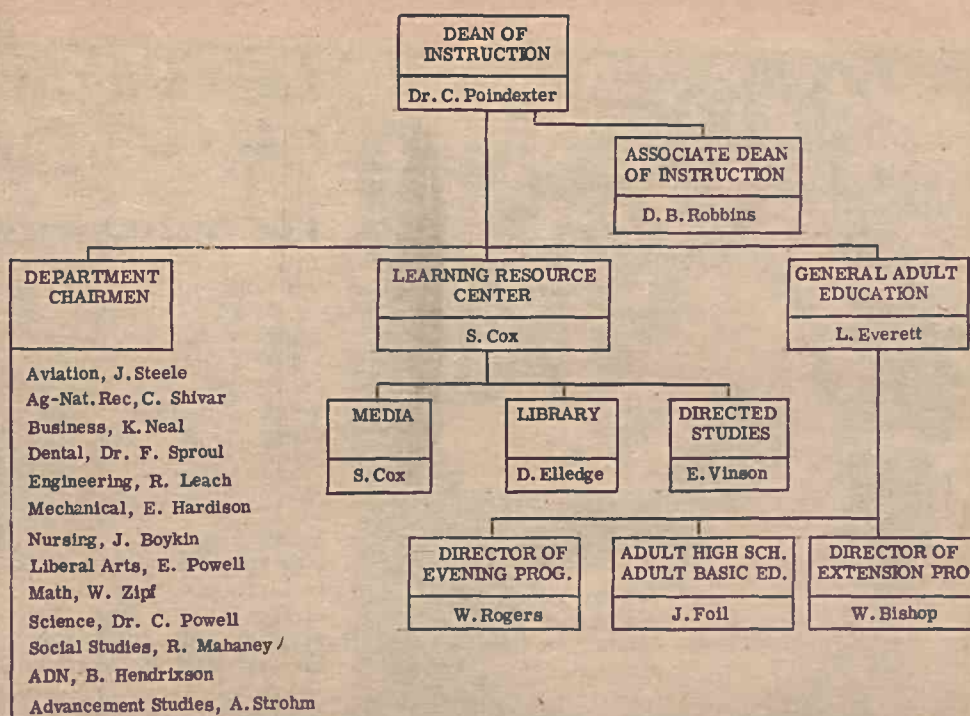

Dental Assistants Locate Jobs

All eleven girls of the Dental Assistant class who graduated in August have obtained jobs. Five of these will be working in Goldsboro and others in near by towns.

While it is not necessary, many of these will take the state board examination to become certified dental assistants in the fall.

Students in the Dental Department gain practical experience through patients who take advantage of the services of the clinic.

LISETH SCOFFI

By GLORIA STRICKLAND

Liseth Adele Myrna Farfan Scoffi moved into our home on June 4, 1971, on a trial basis and now we can't imagine life without her. After three months we have decided she should be used as a "mold" to manufacture the ideal teenager. She is helpful around the house, conscientious about her personal appearance, and is very appreciative about everything that is done for her. In contrast to the American teenager, Liseth is very well versed in the classic arts and music, but knows nothing about cooking and sewing.

She came to Goldsboro last December 30 as a foreign exchange student and attended Aycock High School for five months. She loved Goldsboro so much that she decided to stay so she could attend Wayne Community College for two years in the College Transfer program. She has studied very hard so far and earned an "A" on her first Preparatory English course.

What is it like to have a foreign student living in our home? We don't consider Liseth as such. We made it clear from the beginning what her responsibilities would be so our normal routine has continued as always. We love her like a daughter and she

seems equally as happy to have a "home away from home", and a family to call her own. The only problem that has arisen is the endless red tape we have to go through every few months to get permission from the immigration authorities and the American Embassy for Liseth to remain in this country. Also it is very hard for Liseth's

family to send money out of her country, so we usually have to contact her father via a ham radio set.

Liseth comes from Lima, Peru, and her native language is Spanish, so she is still having trouble decoding some of our slang expressions. Her favorite foods are spaghetti, pizza, chop suey, and hamburger.
