

## New Sorority Formed

Woman's Lib strikes again! A new organization, for females only, has been approved by the SGA., Alpha Pi Epsilon sorority.

Seven charter sisters are presently filling the positions of officers. They are, Nellie Chase, president; Paulette Harmon, vice-president; Peggy Taylor, secretary; Debbie Evans, treasurer; Judy Fulghum, parliamentarian; Barbara Whittington, historian; Jean Edgerton, chaplain. Advisors to the sorority are Mrs. Bo Wessel, and Mrs. Nita Powell.

The sisters have held Rush week and Help week, and are looking forward to a full schedule this winter.

Do you know who these legs belong to? Are they yours? It seems that the school photographer got carried away at the last dance. He was so interested in the subject matter that he forgot to get the

name. So if you know whose legs these are please turn the name and telephone number in to the annual staff—oh yeh, all names will eventually be turned over to H.P.

## “Blue-Jean People”

Have you noticed how most of the older people treat “blue-jean people?”

Blue-jeans are identified with hippies and drug users. Common sense will tell you this is not the case.

Young people need to be able to express themselves.

The way they dress, the length of their hair, and their mannerism are expressions.

Why can't people look beyond the outward appearance? In many cases a beautiful person can be found inside.

Forty years ago someone saw through the raccoon coats and the affected mannerism of the flapper generation. Some adults realized that despite their style of dress and speech, these young people had a potential which transcended marathon dancing and bootleg gin.

Someone took a chance on them. Why can't they do the same for this generation?

## Breakfast Is Served

In the early morning hours one would expect the smell of breakfast cooking to be drifting from the kitchen of a restaurant or home. This was not so on November 22 at W.C.C. The scene was the Dental Department. About sixteen sleepy eyed student dental assistants prepared a delicious breakfast for themselves and their instructors. The menu consisted of coffee, milk, orange juice, scrambled eggs, ham biscuits, sausage and biscuits, toast, waffles, poptarts, doughnuts, and sweet rolls. The guests were Dr. Poindexter, Dean Waller, Dr. Powell, Dr. Sproul, Mrs. Gurley, Mrs. Gerry, Mrs. Betty Scott, Miss Patricia Griffith, Mrs. Davis, and Edna Parks.

The occasion was a final get together for the girls and their instructors before the holidays.

## ICC Meets

By JANICE MCKENZIE

The inter-club council is set up by the SGA to coordinate the functions of the various clubs and organizations on campus. The Council is composed of a representative from each club and organization with the SGA vice president as chairman. It is the duty of this Council to review all constitutions and to advise and council the various activities of clubs and organizations on campus.

In a recent reading of the Council an amendment to all the constitutions was made. The amendment stated that each member of any club or organization must maintain a 2.0 average. It was also agreed upon by the Council that all clubs and organizations will abide by the rules and regulations set forth by the Inter-Club Council.

The Council hopes that any club or organization with problems that confront them will consult us.
