

200 TO GRADUATE

GOLFERS DOING WELL — WCC golfers are doing well this year with two conference wins so far. The team consists of: (1 to r) front row: Jesse Miles, Jacky Queen, Wayne Welborne, Jeff Isenhour, and Billy Milan. Second row: Dean Sigmon, Jim Crumpler, and Gray Crater.

YOU CAN KEEP THE GOOD OLD DAYS

Those students who attended WCC in 1969 know what real frustration is. They have made a mad dash for a parking space and found someone who has carried his political fence straddling to parking spaces. The parking lot extended onto the driveways, and out to the highway. Any space big enough for a Volkswagen was big enough for a Cadillac.

The fall of '70 brought many changes. Besides the addition of two new student parking lots, the school employed a part-time security guard, Deputy Richard Jones. Under Deputy Jones's watchful eye the chaos has been transformed to orderly traffic flow each morning.

Deputy Jones is well pleased with the cooperation he has received from the students, saying, "They are the finest bunch of kids I've ever worked with."

Since the beginning of the

year, the number of tickets has dropped sharply. Among the most common offenses are: 1. students parking in the visitors' and faculty lots, 2. backing into the curb, 3. parking over the white line. Students are reminded there are five lots (A, B, C, D, and E) for their use and no other lot should be used at any time. Deputy Jones states that speeding has not been a big problem. Previously, warning tickets were given, but now there will be no more warning tickets. The speed limit of (15 mph) is posted and should be observed by everyone.

There is no comparison between the past parking situation and the present one. We congratulate Deputy Jones on a job well done. Let's all give Deputy Jones our complete cooperation for the rest of the year and try to improve our traffic record.

A Foolish Question

Man at the gate: Is your mother home?

Little boy: Say, you don't suppose I'm mowing this lawn because the grass is long do you?

Wrong Approach

Golf Pro: "Now just go through the motions without driving the ball."

Beginner: "That's precisely the trouble I'm trying to overcome."

"Well, now we're students. . . I can feel a wave of revolutionary dissent already."
