Fraternity

Students are trying to organize a social and service fraternity here at W.C.C. The brothers of Phi Kappa Theta, first organized ten years ago at Mars Hill College, want to expand it into the junior and community colleges. Any male student wishing to be admitted into the fraternity may contact Ken Greene or Bruce Triplett. Dues will be low, and pledge season will be later this quarter. Meeting dates, dues, and officers will be decided at a special meeting to be announced later.
