The Diabetic Americans Ranger Team (DART) was formed in order to help diabetics learn more about their disease and themselves, so to live longer and healthier lives. Anyone, despite their age, sex, religion, race, or color may join this Association as long as they are in sympathy with the purpose stated above.

The response in the short time since our founding, March 17 of this year, has been excellent concerning the public's interest and approval of us. Although we still

need many more members, our membership has been on a steady increase.

As of the 15th of May, 1984, we consist of 17 members, 8 of which make-up the Board of Directors. We hope to number at least 50 by the end of this summer, and at least 100 by the end of this year.

The members at present are Charles Testerman, Colleen Haithcock, Mary Houston, Susan Phillips, Steve Minton, Dr. Barbara Holt, Nancy Price, Lois Testerman, Louise Roark, Iva Roark, Shelly Richardson,

Darlene Mikeal, Rufus McNeil, Barbara Elledge, Teresa Lee Church, and William McNeil. Also, we have one Honorary Member, Sherry Dancy.

At the annual meeting in March of next year, the "Member of the Year" will be elected from the 1984 winners of the "Member of the Month." The winner will receive a plaque and certificate plus a grand prize.

I would like to thank all those members who have unselfishly donated their valuable time and effort to this Association, and I

would also like to thank all those members and non-members who had a hand in organizing this Association. Thank you all.

WCC Instructor Selected for Fulbright Fellowship

Bill Moffett has been chosen by the U.S. Department of Education to receive a Fulbright Fellowship Exchange Teacher for the 1984-85 academic year. If all things fall in place, he will exchange with Desarlvo Rowell-Ozimek of the Downhill School in Bath, England. Bill will instruct at Downhill School and Mr. Rowell-Ozimek will instruct here at WCC. We sincerely hope the exchange works out. Mr. Moffett is difficult at best and since receiving this honor he has become insufferable.
