

GET ACTIVE!

Student Activities & Events

A number of student activity events are organized for students by the student activity coordinator, Kaylynn Horn, with lots of help from SGA. The activities offices will bring performers, game shows, caricature artists, and much more to campus this year. Other activities on campus will include dances, talent shows, and service-oriented projects. Students are encouraged to share their BRIGHT IDEAS with Kaylynn in TH 216. Be sure to check the board in Thompson Hall Commons for upcoming activities and events!!

CLUBS AND ORGANIZATIONS

OUTDOOR CLUB

There are a number of student organizations on campus you might be involved in. Some are quite active and others need some energy! If you have energy, get involved! Clubs and organizations will help you to turn your college years into an exiting educational experience. **INSIDE SCOOP:** Involvement on campus will show your transfer college or future employer that you've been a leader on campus! More and more employers and colleges are looking for people who have proven their leadership, communication, and organizational skills - getting involved is a great way to do that!

COUGAR ATHLETICS

The Student Activities department is proud to present the 1995-1996 sports program here at WCC. Whether it's intramural participation or intercollegiate competition, WCC has a sport for you!

Intercollegiate Activity: This year the cougars will growl on the hardwood for both men's and women's basketball, pounce on co-ed volleyball and tennis, and prowl into the depths of the baseball diamond. Our cougars will feast on victims from local community colleges and private two- and four-year schools in NC, SC, TN, and VA. This will be the first time in the history of WCC that the school will be fielding a baseball team. Officials of the school have been working overtime to get the program underway. We are looking forward to a very exciting year in athletics. Anyone interested in participating in any sport is required to attend the Cougar Athletic meeting on September 7th.

Intramural Competition: For those of you interested in sports, but not necessarily at the intercollegiate level, we are offering an enlarged intramural program. Basketball, flag-football, co-ed and beach volleyball, tennis, softball, and table tennis head a full schedule of activities planned as we are going with an Olympics theme this year. A "gold medal" award will be given to the male and female Athlete of the Year, along with the Intramural Team of the Year. Any student expecting to participate in intramural should plan to attend the Cougar Athletic meeting on September 7th.

Any additional information needed can be acquired by contacting Kaylynn Horn in TH 216 or Anthony Smith in TH 205. Thank you for your support of Cougar Athletics, and good luck in the coming year.

VOLLEYBALL

CO-ED VOLLEYBALL will be coached this year by newcomer Anthony Smith. The Cougars will play a full season against local community colleges as try-outs begin Sept. 8th.

BASEBALL

Coached by Kerry Nichols, begins this year with try-outs September 11, 12, and 13. The fall season will consist of a few practice games against local schools leading up to a spring quarter filled with over 30 games.

BASKETBALL

Still on the move with coach Jim Jones serving dual responsibilities as both men's and women's coach. Try-outs begin on October 17th with the first game on November 2nd.

TENNIS

Starting in the spring, will include both men's and women's teams. As of this time no coach has been named; however, try-outs are set to begin in mid-March.

Be sure to check the bulletin board in the Thompson Hall Commons for all athletic and activity times, locations and schedules, all of which are subject to change!
