

MADAME MYSTIC MOON'S

HOROSCOPES

Pisces (Feb 19- Mar 20): Your quick wit and alluring charm that has kept you afloat thus far, will fade towards the end of the month. As a result, your social life will be a bit lacking.

Aries (Mar 21- Apr 19): Nature is in your corner this month. The forces will rekindle a long forgotten attraction. It's your responsibility to go from there.

Taurus (Apr 20- May 20): Buried secrets will bother you this month. Only after you confess, will you be truly happy.

Gemini (May 21- June 20): Trust no one! Take a vow of silence this month. The word 'friend' applies to none.

Cancer (June 21- July 23): Illness and misfortune befall you. Asparagus is the only thing between you and the operating table.

Leo (July 24- Aug 22): Money this month will be plentiful, but resist the urge to spend. You'll need that extra cash in a crisis at the end of the month.

Virgo (Aug 23- Sept 22): Make a new friend this week. Their help will be needed by the end of the month.

Libra (Sept 23- Oct 22): Silliness will prevail. Go with it. Do something you loved as a child.

Scorpio (Oct 23- Nov 21): Buy a pet. It's the only love you'll be getting this month.

Sagittarius (Nov 22- Dec 21): Don't do anything drastic in the name of love this month. It will only blow up in your face.

Capricorn (Dec 22- Jan 19): Outwardly, success and happiness are in your corner, but search deeper—sorrow is buried within.

Aquarius (Jan 20-Feb 18): No need to study this month. All desired knowledge will come to you in a series of visions.
