## One Lonely Star

One lonely star,  
A solitary essence  
Starlight, Starbright  
Grant my special wish,  
That I wish tonight  
From where I am  
Here upon the world...  
Where I feel alone-  
And desolate.

Can I feel joy?  
For just a brief second,  
Or for a lifetime?  
I look outside my window...  
At an old gloomy birch tree  
The tree...

That means something to me  
Special times no longer to be,  
This tree is all that I can see.  
Oh! Lonely star, I hope you are for me  
Can there be; can there be...  
Anything for me?  
Please let there be!  
Something up there for me,  
Upon the lonely star,  
Way up there...  
All alone.
