Club meeting times and dates as well as further information will be in the next issue of our paper.

A Music Club on WCC Campus?

By: Heather Dean

It's a possibility. It has come to my attention that there is definitely an interest in an on campus music club. Jean Claude, president of SGA, is attempting to spearhead the project. Anyone who has musical talent or interest is invited to join. If it so happens that you fit into this category, feel free to stop by the SGA office and speak to Jean-Claude about the details. Of course, there is the need for an Advisor. The on campus music guru- Randy Gambill- said he would be happy to participate. So don't hold back! If music is your thing, then come by the SGA office and help bring the music club to life.

LETTER FROM THE EDITOR

-HEATHER DEAN

Hello everybody! Sick of this nasty weather yet? Sorry it took so long for us to get this edition to you, I'm blaming it on the above. Anyway, valentines are always better late than never, and if your sweetie has their panties in a wad because you didn't send one, blame it on me- or the weather- whichever is more convenient. Thanks for your patience and your patronage. Hope your Valentines weekend was good and enjoy the rest of the paper.

Feb. 16-22... Nostalgia Week

To celebrate the common experiences and shared memories which distinguish each generation as well as those experiences that tie all generations together.
