

# LADIES

## GO BOLD OR GO HOME.

Make a statement this spring with bright, fun jewelry. They are a great way to spice up a dull outfit with some unexpected color and texture.

## HOW LOW CAN YOU GO?

Ladies, you will be pleased to know your feet can rest easy this spring. No need to trip over bricks on campus, because low heels and ballet flats are back in style. Try a simple nude pair for a classic look or go bright to make an outfit pop.

## PEEK-A-BOO

The "Peek-A-Boo" style makes a simple dress a bit more scandalous. These dresses have the backs or sides cut out in fun patterns to show just a little more skin while still keeping it classy.
