

THE GUILFORDIAN

VOLUME I.

GUILFORD COLLEGE, N. C., MARCH 10, 1915.

NUMBER 18

BASKET BALL SUMMARY

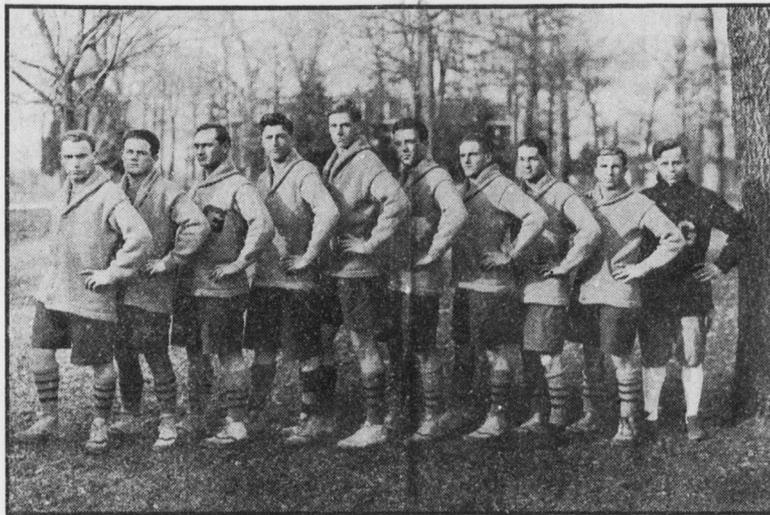

In reviewing the basket ball season just closed, Guilford has made a creditable showing. Although she has no great record in the games won she has shown up to better advantage than we at first realize. Taking into consideration the light weight of the team as a whole, the boys have given each time a hard fight, and were always much outweighed by their opponents. The team was entirely new, and was laboring under the disadvantage of never having worked together before this year. Yet when we begin to calculate the points made, and games won we find that we have made a good showing. We have played nine collegiate games, of which we have won four, thus giving us a percentage of .444. Guilford has scored a total of 303 points against her collegiate rivals to 381 points which have been scored against her. In two game series we divided honors with A. & M., and Elon, and lost both to Trinity.

The individual average of players also bring out the fact that they have been playing good games. Jones leads with 78 points to his credit in ten games; Wood is second with 60 in eleven games. Next comes G. Groome with 58 points in eleven games, then Semans with 28 in eleven games, and Hinkle 8 in seven games. Smith also scored 4 points in field goals in two games, and Price 2 in two games. Wood also made a record of 64 foul goals, giving him a total of 124 points, and Smith also secured 5 foul points. Futrell played a good close guard in five games and figured in holding down the opponents' score. D. Groome broke into the lineup twice as a substitute.

TRACK MEET WITH ELON.

Manager E. A. Moore, of the track team, has announced a meet with Elon for April 16, and is preparing to produce a good showing when the time arrives. He is at a disadvantage because for the past year or so track work has tended to decrease, but there is plenty of material here to develop a strong team. From now on the boys should be at it every afternoon, and it will only be by their persistent efforts that we can produce a winning team. Yet if we will work there is no reason why we cannot defeat Elon on April 16. Every man interested

in this line of work should be out, and show what he can do.

BASKET BALL G'S.

At a call meeting of the athletic cabinet Wednesday night the matter of presenting "G's" to the basket ball players was discussed. It was found on examination of the by-laws and constitution the present G presented to basket ball players can be worn only on a jersey.

After some discussion the members of the cabinet decided that since Guilford has no football team and basket ball stands next to base ball here they should at least be awarded a G equal to the tennis G. The final decision was that a G should be presented to a player after he has played in five games two of which he shall play in throughout and two of which shall be winning games. This G can be worn on a sweater the same as a base ball G as it is now obtained on the same basis.

A committee was appointed to draw up an amendment to this effect and proper steps are now being taken to amend the constitution.

"HAVERFORD" vs. "PRINCETON."

On Friday night the basket ball girls of the Y. W. C. A. met at the gymnasium for the first basket ball game this term.

The Haverford and Princeton teams, as they called themselves, took their places and for several minutes there was hard fighting on both sides, neither making a goal. It seemed that both were evenly matched; finally M. Lassiter shot a field goal for Haverford, to be followed with one-by T. Moten for Princeton. At the

close of the first half the score stood 2 to 2.

At the beginning of the second half all went out with the determination to win or to make whoever did win work. Soon there was a goal made for Haverford by S. McGehee. By swift playing A. Morris after some good passes shot a field goal. Also E. Speas a foul goal to be succeeded by another field goal from A. Morris, now Princeton was in the lead. But at this time McGehee threw a good field goal for Haverford. There was some hard fighting for the last few minutes. As the ball went back to center for last time it was driven to the Princeton goal and T. Moten landed it into the basket.

The whistle blew and all was over, the score being 6 to 9 in favor of Princeton. The line-up was as follows:

Haverford.	Princeton.
M. Whitec.	A. Morris
S. McGeheer.f.	T. Moter
M. Lassiterl.f.	E. Speas
R. Saundersr.g.	B. Pike
J. Ballingerl.g.	M. Freeman

Much interest was added to the occasion by the singing of Haverford and Princeton songs and a new Guilford song, which Miss Rhoades has just composed.

Miss Mary Brinkley, of Lexington, who is in school at the Normal, spent Sunday with Grace Taylor and Marguerite Tuthill.

Mr. T. Fletcher Bulla ('11), who has been the efficient superintendent of education of Randolph county for two years, spent Wednesday night at the college.

Y. W. C. A. NOTES

One of the most enthusiastic meetings we have had in the Y. W. C. A. this term was held Thursday evening March 4, and led by Hazel Armstrong.

After the opening songs and prayer, several girls read portions of the Bible by request of the leader. These were in line with the remarks she made afterward. She mentioned the fact that girls were not as loyal to each other as they might be; that they often misjudged each other's motives and made unbecoming remarks which often-times hurt. She encouraged us to look for the big things and if we cannot find them refrain from saying anything. In other words, let us all the time be looking out for something good in everybody and we will be sure to find it. And whatever else let us be loyal to each other as students, and friends.

This was the regular time for electing officers for the Association. The result of the election is as follows:

President—Hope Hubbard.
Vice-President—Floy Lassiter.
Secretary—Bessie Guthrie.
Treasurer—Mary Ina Shamburger.

These are all strong girls, and with one exception, members of next year's Senior class. We have great hopes for the work as it is taken up by these new officers and we wish them much success.

We wish to thank the girls who played in the basket ball game Friday night for their willing service. We also thank Miss Rhoades for her special interest in advertising the game. It was given, as many know, in order to help pay expenses in getting an organ for the Association hall. We are glad to say that we now have enough to make the purchase and we hope to have it in next week.

Y. M. C. A.

The President of the Y. M. C. A. has secured the promise of the service of Rev. E. R. Purdy, pastor of the Friends church, of Wilmington, Ohio, to conduct a series of meetings some time in this month.

Prof. J. B. Woosley had charge of the meeting last Thursday evening. He began his talk by reading a profession must fo-
