# THE GUILFORDIAN

VOLUME II

GUILFORD COLLEGE, N. C., FEBRUARY 2, 1916.

NUMBER 16

## JUBILEE!! FROM FEBRUARY 2nd, TO MARCH 3rd.

### JUBILEE

Some of us have been thinking about it, some of us have been planning for it and lots of us are wondering about the jubilee. What is it?

We might sum up an answer to that question by this statement; 50 years ago, in the year 1866 the Young Women's Christian Association had its beginning. In thinking how best this event might be commemorated it seemed very fitting that we do as the Hebrews did of old, "hallow the 50th year and proclaim liberty throughout all the land unto all the inhabitants thereof" (Liv. 25-10). A nation-wide jubilee has therefore been arranged; a celebration which shall last throughout the month of February. During this month we shall take a look backward over 50 years of association work in order that we may bring to all members a knowledge of what the Association has done for girls the country over. We shall take this time for helping each other to look beyond, out to what other women are doing both here and in foreign fields. It shall also be a time for emphasizing the fundamental purpose of the Association, the deepening of the spiritual life.

Definite plans concerning our local celebration will be given later.

It is our intention to present a sketch of the History of the Guilford Association. The first installment of this sketch will appear in the next issue of the Guilfordian. During this first week some of our charter members will tell us something about the early days of our organization, some of the difficulties that were surmounted and some things that made it possible. The second week we are expecting to hear some advice from alumnae members in the form of letters.

The third week we will devote to missions and we are expecting to have a national secretary speak to us on the 20th of February.

The fourth week we will probably have a visiting secretary from the South Atlantic field. This week will end with our birthday service on the 3rd of March.

At least some of these meetings will be held in Memorial Hall and the Association will be glad to have the attendance of all who are interested.

### ATHLETICS

#### Basketball—Guilford vs. A. & M.

Guilford lost the first game of the season to the strong A. & M. team on Wednesday night, January 19th, in one of the fastest and hardest fought games that has been played on the local floor for many a day. A. & M. began the scoring by throwing a field goal, but Guilford followed almost instantly with two field goals, thereby forging to the front only to be surpassed by the Farmers before the close of the half. The score stood 20 to 21 in favor of the visitors at the close of the first half.

Guilford entered the second half with renewed vigor and fought bravely until the whistle blew at the end of the half. The A. & M. boys seemed to be fired with new ambition too. So from the beginning of the second half until the close no one could tell who was going to be in the lead, for as soon as one side would score the other one would too. The score was tied at thirty when the end of the half came. The teams then decided to play five minutes more to untie the score. During these five minutes the big farmer boys took a spurt that the small Guilford boys could not in the least check. During this short period they ran the score up from thirty to forty-four, leaving Guilford eight points behind.

Worth, the fast right forward, was probably the leading player of the local quintet. He played a fast and heady game, throwing twenty of Guilford's 38 points. A marked improvement was noticeable in him since the "scrub" game with the Jamestown High School team. Dalton Smith, left forward, came next in the order of goal shooting, placing eight points to his credit. He and Worth worked with clock work precision as forwards. Captain Semans, the left guard, likewise played a consistent game, putting quite a bit of pep and enthusiasm into it. He threw three field goals.

Sumner was easily the leading man for the visitors, throwing six field and ten foul goals. At the beginning of the second half he was shifted from right forward to center, but somehow our boys could not stop his goal shooting. Mason, the very fast left guard, managed to pocket eight points.

In fact, all them showed that they had undergone some rigid practice and that they had had splendid coaching.

Our men were several pounds lighter to the man than their opponents. It, too, was fairly evident that they had not gone through such rigid and consistent training as the A. & M. boys.

The line-up was as follows:

Guilford.	A. & M.
Smith.....lf.	.....Temple
Worth.....rf.	.....Sumner
Short.....c.	.....Lindsay
Semans.....lg.	.....Mason
Walser.....rg.	.....Johnson

Field goals: Worth (6), Smith (4), Semans (3), Short (2), Sumner (6), Mason (4), Lindsay (2), Temple (2), Dowd (3). Foul goals: Worth (8), Sumner (10).

Substitutes: A. & M., Dowd and Sullivan.

Referee, Stockard, Greensboro Y. M. C. A.

Vs. Davidson.

Guilford lost her second game of the season last Tuesday night, January 25, when the strong quintet from Davidson defeated us on our own gym floor. From the start the game was rather one-sided, but each goal shot was fought for. The playing lacked the pep and quickness that characterized the A. & M. game. The Davidson men were much larger than our boys and played a much better game. Numerous fouls were called, but they were not of such a personal nature as to mar the game in any way.

Guilford was somewhat handicapped in that Dalton Smith, the fast right forward, was sick and could not take part in the game. Francis Semans, Captain Seman's brother, who underwent an operation early in the summer, and has not been physically strong enough to take the necessary practice, did some splendid work in Smith's place.

Guilford began the scoring only to be followed by Davidson throwing a field and a foul goal. From then on Guilford was never able to forge ahead of the visitors. The first half closed with the score 23 to 14.

Mendenhall took Short's place

(Continued on Page Four.)

### LEAP YEAR SOCIAL

This social outlook for 1916 is rather promising; probably this is because it will be largely under the influence of the girls.

The social held at Founder's hall Saturday evening, Jan. 22, was the first occasion the girls have had to exercise their leap year privileges. General invitations were sent to the boys, urging them to attend, but not making any definite statements concerning what would be heard during the evening.

Immediately after the boys began to arrive some of the less timid girls singled out their time-worn standbys and fled into accustomed corners and became oblivious of everything around them.

To the more retiring maidens was given the opportunity of selecting their companions for the evening. They were to be chosen according to the general appearance of shoes, sticking out beneath a temporary curtain.

After every one had chosen a well polished pair of shoes the curtain was removed and a revelation of choices followed.

The game of the evening was charades. Among the clever charades were "Manifold," "Panoply," "Smithsonian," "Hero," "Investigation." We must say that Hero and Manifold were very much in keeping with the atmospheric conditions.

Although it was not hero worship the young men kept their places as guests of honor throughout the evening.

#### ON THE CAMPUS.

Tuesday the first day of the "Jubilee," the girls of the Y. W. C. A. will begin the day with an early morning song service on the campus.

Prof. Meredith entertained several members of the faculty on last Thursday evening.

Mrs. Walter White and daughter, Mrs. E. C. Mendenhall, were to see Miss Ellen White Friday.

Miss Maie Davis has been compelled to leave school on account of an attack of appendicitis.

Mr. L. E. Bird was here to see his daughter, Georgiana, Saturday.

Miss Ruth Coble, who has been ill for some time with pneumonia, is now improving.
