VOLUME V.

GUILFORD COLLEGE, N. C., NOVEMBER 27, 1918.

NUMBER 11

GRAYS VICTORIOUS OVER CRIMSONS IN FINAL OF SERIES

The final baseball game of the series between the Crimson and Grays was played last Saturday afternoon. This game gave to the Grays the third victory out of five games. Since the series began there had been much interest and enthusiasm shown. Both the Crimson and Grays had won two games, and a fifth was necessary to decide the championship.

At 3 o'clock, when Founder's bell announced the game, the athletic field was dotted with twenty joyous and enthusiastic girls, practicing for a real game. And this game proved to be none other. More "pep" was displayed in it than any of the preceding games. Improvement in the playing of each individual was also noticeable. The most spectacular event of the game was a three-base hit made by Altha Zachary. Both pitchers had the usual good control of their wings. The game ended with the score 21-18 in the Gray's favor.

Line-up: Crimson—Carroll, p.; E. Raiford, c.; D. McBane, 1st b.; Dixon, 2b.; Robertson, 3b.; Ward, l. f.; Cox, c. f.; C. Raiford, r. f.; Harmon, s. s.

Line-up: Grays—L. Raiford, p.; R. McCullom, c.; Hockett, 1st b.; D. Hayworth, 2b.; White, 3b.; V. McBane, r. f.; E. Teague, c. f.; A. Zachary, l. f.; J. Whitney, s. s.

Umpire, Prof. Carroll.

Throughout the season perhaps the most noticeable feature was the good spirit manifested by the girls who played. At no time was there any signs of undue rivalry between the two teams. With such a splendid spirit any thing is possible in the line of athletics. Every girl has been backing the games wholeheartedly, thus enabling baseball to be put on a firm basis on the first trial. It is hoped that the girls will carry into basket ball this same zeal and enthusiasm which has brought success to baseball.

CATS DEFEATS RATS 28-5.

Another very interesting practice basket ball game was played Friday night.

The men all showed much "pep" and the game was played with much spirit from beginning to end.

All the players show that they have improved. The line up:

Cats.	Rats.
H. Raiford r. f.	C. Stout
Z. Dye l. f.	C. Ralison
C. Macon c.	G. McBane
T. Cox r. g.	G. Hodgkin
L. Casey l. g.	R. Davis

C. Ralison was the star for the entire game and all the new men are developing into real players.

Prof. Carroll is hard at work developing a varsity team. Captain Jonas is trying to get the boys in fine shape for the coming week and with all the boys behind him Guilford College will have a good basket ball team. Look out for the big game South Section vs. College.

STATE SECRETARY ADDRESSES CHRIS- TIAN ASSOCIATIONS

Speaks of Part Colleges Played in War Work Campaign.

Mr. C. L. Johnson, State Y. M. C. A. Secretary, talked to the Y. M. and Y. W. C. A.'s for a few minutes on last Thursday evening.

Mr. Johnson spoke of the splendid way in which these organizations are responding to the request for friends to relieve the suffering caused by war conditions. The colleges are doing all that is expected of them. Student bodies are giving on a far greater scale than they did one year ago and the gifts have already far exceeded the amounts asked for. Many of these gifts represent real sacrifices on the part of the students. Now that the war is over it is more than ever necessary to keep alive this willingness to give, to work, and to sacrifice. Now that America's influence along the lines of trade and commerce is increasing it is her golden opportunity to serve and do for other nations what she has not yet been able to do. If we meet these opportunities and utilize our privileges we must make our colleges the centers for training leaders for this work. To do this work before us we must do better work and build stronger characters than ever before. We should be thankful for our share in the reconstruction program. Nations are no longer isolated and the opportunity for extensive work for Christ has never been so great as now.

FOURTH JOINT TENNIS TOURNAMENT HELD.

Last Saturday afternoon witnessed a very successful joint tennis tournament on the courts back of Cox Hall. The same plan of procedure was adhered to as on previous times—the winners progressing to the next court and exchanging partners, and the losers remaining where they were. This tournament, like its predecessors, did much to increase interest and enthusiasm for tennis among both the boys and girls. The healthy and unaffected social intercourse, the friendly but intense rivalry of the players and the vigorous and stimulating physical exercise have made these affairs the most successful and worth while events held at Guilford. Those taking part were Miss Edwards, Miss Roberts, Jessie Cox, Edna Raiford, Katherine Harmon, Jean Whitney, Clara Blair, Lulu Raiford, Joe White, Leslie Barrett, B. L. White, Earl McFarland, John Taylor, Joe Taylor, W. Hester, Prof. Brinton. Eleven rounds were played. Of these Prof. Brinton won in eleven; Clara Blair in seven; Miss Edwards, Joe White, Joe Taylor and Lulu Raiford in six; and Edna Raiford, Miss Roberts, B. L. White, John Taylor and W. Hester in five.

ALUMNI PLEASE NOTICE!

In the Alumni number of the 1918 Guilford College Bulletin the following errors are to be corrected. The name of Joseph D. Cox, who was elected to membership on the Executive Committee of the Association in 1917 and whose term therefore expires in 1920, does not appear in the Bulletin. This mistake occurred last year and because it was not corrected has been repeated.

The address of G. Raymond Allen, '95, is Hashbrook Heights, New Jersey.

Leonard C. Van Noppen, '90, is living at Bright Waters, New York.

Alumni are requested to make these changes in their Bulletins.

"FLU" REAPPEARS AT GUILFORD

Guilford's long spell of immunity from the "flu" was finally broken early last week by the appearance of two cases. Lee Kiser and Peele were the victims. At the present writing both are getting along nicely, although Kiser developed a light case of bronchial pneumonia. We are exceedingly fortunate in again securing Miss Laura Worth as nurse, her services having proved invaluable heretofore.

In the family of Luther Jones, superintendent of the farm, eleven cases have appeared. The heartfelt sympathy of the student body goes out to him and his family in their affliction.

The large number of cases occurring in the neighborhood has made a rigid enforcement of the quarantine again necessary. Visitors are permitted to come within the college grounds but not into the buildings. The college regrets that it must thus appear so inhospitable, but circumstances make it necessary that all visiting take place in the open air.

JONAS ELECTED CAPTAIN.

At a recent meeting of the Athletic Cabinet, Garland Jonas was elected temporary captain of the basket ball team. The election of a permanent captain will take place immediately after the first game of the season. This course was rendered necessary by the fact that there were no members of last year's varsity team in college.

The basket ball schedule is far from being completed owing to the unsettled conditions of all the colleges, but Manager Barrett is working on it and will probably soon have some announcements to make. There is every prospect that Guilford will have a representative team this year, and practice is proceeding in earnest.

The food shortage doesn't seem to have affected New Garden. It is reported that some of the girls are gaining so rapidly in weight that they have decided that two meals a day are sufficient.

ZATASIANS ENTERTAIN WEBSTERIANS

Thanksgiving Harvests in Many Lands Represented With Fine Effect.

One of the most pleasant entertainments that the Websterian Literary Society ever enjoyed was tendered it by the Zatasian Society on Saturday evening, Nov. 23.

Memorial Hall was elaborately decorated with cedar, with here and there a pumpkin surrounded by ears of Indian corn. The president of the Zatasians met the "Webs" at the entrance and escorted them to their respective seats, after which the program was rendered.

Miss Hockett, the president, gave the visitors a very cordial welcome, making special mention of one old Websterian who gave up his college work to answer his country's call and died from wounds in France.

The program in every detail was an excellent one. Its intrinsic value, its noble character, and the admirable way in which it was rendered gave every "Web" a desire to sit at the feet of his sisters.

The program consisting of five scenes represented five Thanksgiving harvests. The first recalled in a very impressive way the story of Ruth gleaning in the fields of Boaz. In were depicted. Eight maidens grace the second Grecian Harvest rites fully laid at the feet of the goddess Demeter the first fruits of the year. In the Old English Harvest Home scene the finding of the Cora Baby was vividly illustrated. In the Indian Corn Harvest next shown the costumes, dances, and Indian harvest rites were brought out with splendid artistic effect.

The last number on the program but not the least was Thanksgiving in America in 1918, when all nations gathered around Columbia and gave thanks that her helping hand had done so much to bring so great a war to a successful close. America was then sung, after which all set out for the valleys and glens of Founders, where the students' parlor and the Zatasian Society Hall had been transformed into a beautiful reception room, decorated with the colors of both societies.

Here where the groups had assembled under the mellow lights the following menu was served:

Immigrant's first choice
Pilgrim's luxury
Pioneer's standby
Indians' delight

Of all the happy times the "Webs" ever enjoyed this was the happiest. When the time for departure came every "Web" knew that his evening, as the guest of the Zatasians, had been very pleasantly spent.
