QUAKERS BEAT WILDCATS LOSE TO CHARLOTTE Y

Guilford Team Runs Wild Piling Up Highest Score of Season Against Wildcats—Hard fought Game with "Y" Men

The Guilford basketball team lost to Charlotte Y. M. C. A. but won Davidson College February 17, 18; by the score 34 to 27 and 45 to 26. Both games were hard fought and featured by hard, consistent playing in which the Quaker five was able to give a good account of itself. Although the Y. boys were able to trim the locals by a spurt in last five minutes of play Guilford was in the running every minute of the time, having the lead in a 19 to 17 score at the end of the first period and tying it up a couple of times during the last half. The outcome was doubtful until the final whistle stopping a whirlwind comeback. In the game with Davidson the Quakers opened a five man offensive which swept the Wildcats off their feet in the beginning of the game and kept them there till the finish. At no time was Davidson's work dangerous and Guilford through villiant team work on the part of every man in the game was able to pile up a 19 point margin above the best efforts of the Wildcats.

The game with Charlotte was one of the prettiest games seen on that Court this season. The Y. team showed superiority in experience which figured largely in the final outcome.

The game was clean and snappy and was by no means a walk-away for Charlotte for, to quote from the Charlotte paper, "At the end of the first half the score stood 19 and 17 in favor of the visitors and Coach Bob Doak wore a smile at least an inch larger than his usual offering along this time."

The Quakers started the second half with a rush but were unable to hold their lead and the Charlotte team soon tied the score and then take a two point lead. The contest swung along in this manner till Guilford tied the score with another field goal. This was the nearest the Quakers come to taking the lead in the second half although at several times the scores were only one point apart.

Toward the latter part of the game the Y. M. C. A. team gradually increased their lead in which some long shots, which luck favored, figured largely and proved sufficient to secure the necessary points. In the last five minutes of play the guarding of both teams became so fierce that neither side was able to score.

J. W. Frazier playing left forward for Guilford was easily the best man in the game. He played the whole floor and at the same time led the scoring with 16 of Guilford's total 27 points, Long came next with 12 points and led the Charlotte outfit in tallying.

The lineup and summary follows:

Guilford (27)	Charlotte (34)
Position	
Lindley (8)	r. f. Long (12)
Frazier J W (16)	l. f. Smith (8)
Mackie (0)	c. Howell (10)
J. F. Frazier (3)	r. g. Cuthbertson (4)
Newlin (0)	l. g. Cunningham (0)
Referee A. L. Faul.	No Substitutions.

Stinging from defeat suffered at the hands of Charlotte Y. The previous night the Quakers rallied and it was an entirely different machine which swept through the Davidson Wildcats on their own floor to a decisive victory.

Without doubt the Quakers were in the best form they have displayed this season. Their passing game was swifter, cleaner and maintained with equal brilliance throughout the entire contest. The smoothly running team work swept the ball with machine like precision within easy range of the goal where it was pock-

Y. M. C. A. STUDENT CONVENTION HELD IN GREENSBORO

H. L. Macon and D. E. Allred Represent Local "Y"

The Student Section of the annual State Y. M. C. A. Convention held in Greensboro, met Wednesday, February 15. During the morning session a general convention was held among the delegates of the eight colleges represented, during which the work of each college association was taken up separately and discussed.

The last number on the program for the morning was an address on the Student Friendship Fund by Dr. E. C. Lindeman of the North Carolina College. Dr. Lindeman gave first hand information concerning the desperate needs and almost unhearable conditions under which thousands of students in Central and Western Europe are struggling, and ended by making a plea to the students of America to save European civilization by sending money and supplies to her students.

After a special luncheon served by the Y. M. C. A., lectures were given by Harry F. Comer of Chapel Hill and E. S. King from N. C. State College. Mr. Comer outlined the "average program" for each association. This program, containing ten points, calls for definite plans and arrangements to be made before the opening of school and pursued throughout the entire year. Following, and closely connected with this lecture, Mr. E. S. King gave considerable information concerning the Blue Ridge Conference and showed the importance of each college being strongly represented.

The final and perhaps feature number of the program was an address by Dr. J. W. Pontius of Columbus, Ohio. The speaker in an interesting way showed the need for action in religious and practical problems and urged the members of the Y. M. C. A. toward the successful accomplishment of the program for the coming year.

The convention adjourned with a vote to have each college well represented at Blue Ridge.

DR. AND MRS. BINFORD ENTERTAIN SENIORS

President and Mrs. Binford entertained the members of the Senior Class with an informal Valentine party on Tuesday evening, Feb. 14. Games appropriate to the evening were played, such as the drawing of hearts, tossing of hearts into a basket and sending of telegrams with mottoed mints. To each of the winners in these games a prize was awarded, and also one to the person who wrote the best original valentine verse.

After the playing of the games refreshments consisting of hot chocolate, cakes and mottoed mints were served.

GREENSBORO HIGH ELIMINATES TRINITY HIGH ON LOCAL FLOOR

Beginning a series of high school elimination games for state honors, Greensboro defeated the Trinity High school quint by the safe margin of 42 to 9 on the local floor, February 18th.

The game opened slow and found both teams unable to locate the basket. After five minutes of play however the Greensboro lads began to find themselves and from that point on the outcome was never in doubt.

Greensboro showed more familiarity with the floor, her passing game was good and the accuracy of Daniel and Britton in caging the ball, out-

ZATASIANS ENTER- TAINED BY WEB- STERIAN SOCIETY

Bi-Ennial Event Greatly Enjoyed by Members of Both Societies

The evening of February 17, marked another red letter day in the lives of the Zatasians as the date of the Websterian reception in their honor.

The Zatasians knew something of the talent and work of the Websterians and were expecting a good time but the evening's entertainment surpassed all their expectations. President Harris called the society to order, appointed William Fishel as critic, and delivered a few words of welcome to the Zatasians and other visitors.

The program could scarcely have been improved upon. It was all the more interesting as it was somewhat different from the usual type of society program. The first number, "Wanted a Valet" was a delightful comedy in one act in which real humor and wit were displayed in a very realistic manner. Tom English's interpretation of the lawyer's part also deserves mention. The cast of characters was as follows.

Mr. McGinty, lawyer—Thomes English Dick Skinner, discharged valet—Nereus English. George Washington Congo, applicant—George Kinney. Lewis Lewis, applicant—Edward Hobbs. H. L. Macon then read a poem in negro dialect by Russell, entitled "Business in Mississippi."

The third number, "Morceaux et Ainsi de Suite" by W. L. Rudd, consisted of items taken from a Guilfordian of 1923. From this paper much was learned concerning the future activities of both Websterians and Zatasians.

Myron Tatum furnished the music for the evening with selections from his violin. The two selections given were "Farewell to Thee" and "Auld Lang Syne." Both were especially enjoyed.

After the regular business was finished the society adjourned and all went from Memorial Hall, where the program was given, to the regular society hall for a social hour. Delicious refreshments were served in three courses.

Chicken Salad	Stuffed Celery
Saltines	Olives
Neapolitan Cream	Cake
Coffee	Mints

Those present besides the members of the Zatasian Society were Miss Osborne, Miss Roberts, Miss Polk, Prof. L. L. White and Prof. Balderston of the college faculty, and two old Websterians, Mr. Limeberry and Mr. Smith from Carolina.

"THE BONNIE BRIER BUSH" SHOWN

Miss Byrd's Singing Adds Much to the Success of the Evening

Saturday night February the eighteenth the students of Guilford were delightfully entertained with the picture of "The Bonnie Brier Bush."

Ian Maclaren's well known characters were shown in most beautiful Scotch settings and the story built around them was thoroughly enjoyable.

An added feature which proved most popular with the audience was Miss Byrd's singing of "Bonnie Sweet Bessie" and "My Laddie." The latter was especially enjoyed.

In an effort to provide music during the showing of the picture the new Victrola belonging to the Girls' Athletic Association played a number of the well known scotch airs.

Mr. Clarence Johnson was a visitor on the campus Sunday.

DR. PERISHO BUSY WITH HIGH SCHOOLS

MUCH COURTESY EXTENDED HIM BY SCHOOL OFFICIALS

During the past week, Dr. Perisho had been visiting the high schools of the county under the auspices of Superintendent Foust and Miss Land, rural supervisor. Unfortunately he was unable to reach all of the schools due to the condition of the roads.

Dr. Perisho has previously visited the high schools in Wayne County with Miss Cripp who is county supervisor. He has also visited some in North Hampton and Perquimans Counties in conjunction with the County superintendents. Sometimes he has addressed the school as a whole, although at times he has spoken to the grades and high school students separately. Dr. Perisho says that he has been deeply impressed by the exceptional courtesy extended to him by both teachers and administrators. Without his suggestion he has had the privilege of interviewing the senior classes of the respective schools.

This week Dr. Perisho is leaving for Randolph at the request of Superintendent Fletcher Bulla, and will visit the high schools of that county. He will probably attend the Friends Meeting at Marlboro the latter part of the week.

Y. M. C. A. NOTES

The Y was fortunate in having Dr. Binford for leader on Thursday evening, Feb. 16.

The meeting was opened with song after which Dr. Binford read a chapter from Albert Parker Fitch's book, "The College Course and Preparation For Life," following the reading with appropriate remarks.

The title of the chapter read was "Religion and Scholarship," the subject being dealt with from the standpoint of the undergraduate. The author attempts to point the student to a right solution of the problems presented by the apparent conflict between religion and some phases of scientific knowledge. The class room often has an atmosphere of stern intellectualism which serves to divorce religion and learning. Teachers have usually failed to show the proper connection between the two. Our public educational system has been built upon the principle of entire separation of church and state and the religious side of education has been left to the home and denominational schools. The church has long opposed the advance of learning along certain lines because the advance threatened its old established teachings. Modern scholars have come to realize that the Bible is a human production and is not infallible. The real student will neither close his eyes to advanced knowledge nor renounce his belief in the teachings of the scriptures. He will find that they are not really contradictory.

In his remarks Dr. Binford said, among other things "It is a foolish thing to try to protect the Bible and religious truth, as if it could not stand the tests." Regarding the tendency of a certain group of pious young men in colleges, who look forward to a life of service, to depreciate the patient and indirect processes of scholarship and thorough preparation, he said, "It is a sad tragedy to see one so anxious to serve in a religious field as to ruin his chances to serve by rushing into the field unprepared. Such men cannot be real leaders. Many a young man has destroyed his chance to do good in the world by rushing into his task too soon." In conclusion, "Religion and scholarship must become as one, aiding and strengthening each other."

HIGH SCHOOL DAY ON APRIL FIRST

Committees have been Appointed and Plans Formulated for the Annual Declamation, Track and Basketball Contest

The eleventh interscholastic Declamation Contest will be held at Guilford College, April 1, 1922. The first contest of this kind held at any college in the State was held here in 1910. The success was so great that the contest has become an annual affair and each successive year has proved a greater success than the previous one. Many of the leading High Schools of this section of the State send representatives each year and it is hoped that a larger number than ever will be represented in this next contest. Letters are now being sent to various schools inviting them to send contestants. Rules governing the Declamation Contest are also being sent to the high schools. The rules in brief are as follows:

Two preliminary contests will be held on April 1, beginning at nine o'clock by means of which four young women and four young men will be chosen to speak at eight o'clock of this same day in the final contest. Any high school may send two contestants, a boy and a girl. A medal will be awarded to the successful young man by the Henry Clay and Websterian Literary Societies and a prize consisting of books will be awarded to the successful young woman by the Zatasian and Philomathean Literary Societies.

At the same time an Interscholastic Track Meet will be held for boys and a Basketball Contest for girls. The success of this effort was satisfactory last year and from the contest this year even greater success is expected. Rules governing the Track Meet as well as the Basketball Contest have been sent to High Schools.

The events of the Track Meet consist of the following: 100-yard dash; running broad jump; 220-yard dash; running high jump; 440-yard dash; half mile relay race; mile run; pole vault; shot put. The school winning the greatest number of points shall be awarded a silver trophy cup to be held for one year. The school winning in three successive contests shall retain permanent possession of it.

The girls' basketball contest is held under the auspices of the Girls' Athletic Association of Guilford College. The school winning the contest, as in track, shall be awarded a silver trophy cup to be held one year, until it is won in three successive contests by the same school when it becomes a permanent possession.

The Student Committee under the able advice and direction of Prof. L. L. White is making arrangements for these contests. This committee is composed of representatives from the four societies and from the young men's and women's athletic associations. The Zatasian representative is Allene Johnson; Philomathean, Ruth Reynolds; Henry Clay, Lyndon Williams; Websterian, Hersal Macon. The representative from the Y. W. A. Cabinet is Nell Carroll from the Y. M. A. A. Cabinet, L. L. Williams.

OFF AND ON THE CAMPUS

Miss Lulu Raiford spent this past week-end at Pleasant Garden, with her cousin, Miss Ellen Raiford.

Miss Edith Harrison from High Point spent Sunday here with Miss Marianna White.

Mr. Jesse Henley and Miss Ruth Coltrane from Jamestown were on the campus Sunday.

Miss Helen Bostick spent last week end at her home in Randleman.

We regret very much that Mr. Jack Ragsdale had to leave school on account of his health.
