by members of the team who had participated in football games.

The game was never in doubt, the Guilford five taking the lead in the beginning and holding it throughout. At the end of the first half the crimson and gray team had scored 10 points to their opponents 4. In the second half, however, the Yellow Jackets sent in fresh men and scored 11 points while the Quakers were scoring their 8.

Capt Frazier led in scoring with five field goals.

For Randolph-Macon, R. Garner and Roane two field goals each. They were the only men of their team to score more than two points.

On Thursday night Guilford met the fast Tokola team of Richmond, Va. and was defeated by the score of 40-32.

Tokola is an industrious team made up of former college stars, and these "Old Leads" showed that they had not forgotten the game. Their shooting was the most accurate of any team met on the trip and their passing game was one which it was well nigh impossible to cope with.

At no time did Guilford threaten to take the game except at the beginning of the second half when she ran up a total of eight points before Tokola received a single point. But they soon struck their stride and were never in danger again.

Capt. Frazier again led the Guilford team in scoring, getting six field goals.

For the opposition, Woodward, Wharton and Hollady played a great game.

**Line Up and Summary**

Guilford, 26—Farmville, A. C. 0. Guilford had no difficulty in defeating farmville Athletic Club, Friday night. This team which is also made up of excollege men was easily defeated 26-8.

Here the Guilford team was again handicapped by a small court, and again they met with the rough style of playing, which was the largest factor in keeping the Quaker score so low. However, they had the game in their hands during the entire two periods. The close work of the guards kept the Farmville Team's field goals to three, only one of which came in the first half.

Scoring honors were equally divided between the two Fraziers, each getting five field goals.

Fitzpatrick was the only Farmville man to score more than two points.

**Line Up and Summary**

J. W. Frazier r.f.	Fitzpatrick
J. G. Frazier l.f.	Roundy

**WEBSTERIANS DEBATE GUILFORD PROBLEMS**

The question that was debated in the Web. Hall, Friday, March 3, had a better Guilford as its principal object. There had been many remarks among the students of both the upper and lower classes as to what effect the prep department has on Guilford. Also several chapel talks have had as their theme the possible good or bad effect received from this department. Along with this local information the speakers brought statistics from other colleges to use in the debate, Resolved, That Guilford abolish its preparatory department.

The affirmative, Hobbs and Winn won the decision of the judges. They argued that a college could not be up to the standard and still possess a prep department. They further agreed that there were enough high schools in the country to take care of all preparatory students and that the presence of such students was undesired by college students. In conclusion they called attention to the fact that Guilford was raising its standard next year and also abolishing half of its prep department. The latter, they stated was necessary for the accomplishment of the former.

The negative, Harris and Penny, gave a well prepared argument. Reviewing the past several years they showed what benefit the college had received thru its prep department. Much stress was placed on the part played by preparatory students in athletics and on the great number of college students this department has given to Guilford each year.

Mr. Payne concluded the literary exercise with several jokes.

Mr. Medlin, critic, gave an impressive summary, after which the society adjourned.

**DR. PERISHO IN RANDOLPH**

Dr. Elwood C. Perisho, who was dean of Guilford College more than thirty years ago, and who has had a wide experience in educational work throughout the country, is in Randolph this week making addresses at the various high schools. He acted as dean of Guilford College from 1888 to 1893, leaving there he spent two years in Chicago University doing post graduate work. He later taught geology in the State University of Michigan. He was elected President of the State College of South Dakota, in which capacity he served ten years. When the world war broke out he was employed by the food conservation commission, of which Herbert Hoover was chairman, in the work of the entire Northwest toward conserving food for the world war. Later he was called upon by the government to go over to help carry on the educational campaign to the soldiers in camp.

Dr. Perisho is one of the most conscientious teachers and preachers in this country today. He delivers an instructive address in eloquent and convincing manner. He has made a fine impression on the people to whom he has spoken.

**STUDENTS OF GUILFORD COLLEGE ORGANIZED**

Sunday afternoon President Binford and Dr. Elwood C. Perisho, of Guilford College, addressed a meeting of old Guilford students at the Friends church in Asheboro. After the address a Randolph County Guilford College Club was organized with J. O. Redding, president; Clarence M. Macon, vice president, and T. Fletcher Bulla, secretary. The purpose of the meeting was to enroll all old Guilford students of Randolph in a club for the purpose of creating interest in the college throughout the country, in order to give it more publicity and moral as well as financial support. On account of the bad weather there was not a large attendance, but a nucleus was formed of a dozen or more students who were present and it is hoped that all old students in the county will send their names to the secretary to be enrolled in this organization.

Professor Anscombe attended Quarterly Meeting at High Point, Saturday and Sunday.
