NUMBER 29

GLEE CLUB MAKES ENVIABLE SHOWING AT HOME CONCERT

Chorus and Solo Number Are Creditably Given Before a Small Audience

ORCHESTRA IS FEATURE

Grady Miller's Jazz Orchestra Plays As An Added Attraction Making a Very Varied Program

The College Glee Club closed its season with a concert at Memorial hall Saturday evening. Mr. Miller, as director of the club, has put out a fine organization of boys who sing with rare precision and skill in all types of songs. They can change from religious to secular or to humorous with equal ease.

The concert Saturday night proved to be a creditable finish to the season's series of concerts. The opening portion of the program was entirely religious numbers. The rendition of the Doxology, which opened the program, was somewhat varied from the usual, in that it was sung as a chant instead of the Doxology. These religious numbers were well sung in a reverent mood that caused the audience to feel the spirit of prayer. Antiphonal music by two groups in the club, chorus numbers and a quartette completed this group.

The second half of the program was secular and popular music. In this group solos by Mr. Cox and Mr. Richardson proved very popular. Mr. Cox sang "Gypsy Love Song," with Glee Club accompaniment on the choruses. Mr. Richardson sang "Blue Skies," and "A Little Girl and a Little Boy, a Little Moon," then sang "There's Something Nice About Everyone" as an encore.

Mr. Miller's Greensboro High School orchestra played several numbers in this part. The orchestra and the solos by Mr. Miller together with the humorous quartette composed of Ralph Richardson, French Holt, Hardin Kinney and Joseph Cox proved to be the hits of the evening.

The club closed the program with a group of numbers and lastly, "Alma Mater."

After the concert the club was host to the college at an informal reception on the steps of the library.

NEW GARDEN JUNIORS ENTERTAINED ON PICNIC

The juniors from Founders and Cox halls gave the class a picnic on last Wednesday evening. Promptly at five o'clock the juniors assembled in front of Founders hall and strolled off through the woods to a green spot over by the college stream.

Everyone helped in collecting wood and a huge bonfire was built. While some of the more industrious members cooked supper the others walked around in search of strawberries and wild flowers. At a signal from the cooks they all returned to a supper of bacon and eggs, sandwiches, pickles, rolls and coffee.

After the meal was over quite an interesting, although painful, game was participated in by the aid of paddles. The evening came to a close by roasting marshmallows around the fire, followed by a walk back to the college in the early twilight. No accidents happened except that Sudie Cox dropped one foot in the branch due to an error in knighthood and Mabel Shipp is reported to have eaten 35 marshmallows.

A NEW RING DESIGN IS BEING DISCUSSED

Heated Arguments Surround Letting Contract and Change of Class Ring Design

NO AGREEMENT REACHED

Contracts for senior rings and new designs for rings have been rather freely and hotly debated at times during the past few weeks.

Some time ago a northern firm offered to renew its contract to furnish rings for the next five years. Since the firm does not advertise in the college publications, the move was opposed by several who contended that the contract should be let to a patron of the college. The whole affair in connection with the contract has become a "Tizz-Taint" discussion. Many of the present rings have been very unsatisfactory in quality, especially in consideration of the cost, in the opinion of several seniors. A few contend that the question of advertising has nothing to do with the case. A rather formidable group contends that it is for the best interest of the college as a whole to trade in Greensboro. The question of relative quality to be obtained is entirely too permeated with personal prejudice on both sides to get the best of results.

The question of a change of design came to the surface rather spontaneously in the wake of the contract squabble. The present design is used also by Elon and Salem colleges and some thought that a new and distinctive design characteristic of Guilford should be adopted. The opposition contends that it would be like changing the college seal and that it would also be probable that five years from now the new student group would also be tired of the design. The rebuttal to this was that there has been general dissatisfaction with the present design for some time and that the present time is most opportune for a change.

A general idea of the proposed design has been decided upon by the joint class committee on rings. They have proposed to have a relief of Founders entrance with boxwood and magnolia trees. Opposite this would be a Quaker silhouette. The ring would be of yellow gold with a red ruby stone.

PLANS FOR EASTERN CONFERENCE STARTED

Goal Set For 300—Picnic and Automobile Ride to Feature Program of Six Day Meet

FIELD PROGRAM TO BE STRESSED

Arrangements for the Third All-Eastern Young Friends' Conference which will be held at Guilford College August 8-14 are now well under way. Besides the morning program which will include a period for worship and the regular class periods, preparation is being made for several "outside activities" which will add spice to the six-day conference. Practically all the leaders for the different classes have been secured but definite announcement will be made at a later date.

Featuring on the afternoon program will be a big picnic which is being arranged by the college and an automobile tour of several of the neighboring cities.

The goal for the conference has been set at 300 delegates, 200 of which are to come from North Carolina and 100 from the other Yearly Meetings that will be represented. The delegates from the other states will no doubt want to see a great deal of North Caro-

ROLVIX HARLAN WILL DELIVER GRADUATING ADDRESS THIS YEAR

Is Now Head of the Department of Sociology and Social Ethics at Richmond University

DATE, JUNE 4TH TO 7TH

Dr. Elbert Russell, Professor of Old Testament Interpretation, Duke University to Speak Sunday

Guilford College commencement exercises will be held here on Saturday, June 4th to 7th, 1927. Great effort has been made to secure the best speakers possible for the occasion.

In securing Dr. Rolvix Harlan, head of the Department of Sociology and Social Ethics, University of Richmond, to deliver the commencement address on June 7 at 10 a. m., Guilford has been very fortunate indeed. Dr. Harlan is a man of wide experience and exceptional personality. He is preacher, teacher, politician, social worker, college president, and author. He was ordained to the ministry in 1900, and for several years preached at Evansville, Wis., Dixon, Ill., and Kansas City, Mo. Since 1909, Dr. Harlan has been professor of History and Economics in the Atlanta University; also dean of college and professor of Sociology during 1912-1925. For three years following this he was president of Sioux Falls College. He has done much and varied work along social service lines in many parts of the country. In his books Dr. Harlan has contributed much to the solution of social and religious

MR. TURNER RETURNS FROM VACATION TRIP

Spends Most of His Time at Berea College Studying the Plan of Student Work System

VISITS FRIENDS IN MICHIGAN

Mr. F. Hill Turner, business manager of the college, has returned from his trip across the Blue Ridge and Cumberland mountains. Mr. Turner spent a great deal of his vacation in Kentucky and particularly at Berea College.

Berea College is a history within itself. It has worked out a plan that no other college has today, a plan by which a student works to pay 67 per cent of his total expenses of tuition, subsistence, shelter, books, etc. It is probably true that the time so spent only heightens the zest for study. The officials contend that if all labor could see its wage transmuted into such definite benefit in terms of the highest aspiration of mankind, there would be less fear of the consequence of lengthening the leisure day.

The *New York Times* of October 5, 1926, has this to say: "With a somewhat different division of labor and learning, Berea's schedule might well be not for the period of college training but for life." "It is an investment that has 67 cents of students labor in self-support, associated with 33 cents of contribution to make a dollar give its greatest benefit."

Probably the object of Mr. Turner's visit to Berea was to become acquainted with the work of such, that a similar schedule may sometime be established at Guilford.

After leaving Berea, Mr. Turner drove to Michigan, where he visited friends and relatives for a number of days. He reports a nice trip and a well spent vacation.

Quakers Win One Out of Four Games in Week Trip

Madame Hoffman Merits Distinction

Madame Colette De Duras-Hoffman, professor of French and Spanish at Guilford college since 1923, was honored when she was asked to be a member of the party which will pay a return visit to several countries in Europe. The expedition will be directed by the Carnegie Foundation for Promotion of World Peace. Other members of the party, with whom Madame Hoffman is personally acquainted are President Nicholas Murray Butler of Columbia university, Dr. Manning of Columbia, Dr. Muzzie, famous historian and text writer, and Mrs. Muzzie. While away Madame Hoffman expects to visit many countries in Europe, including France, Rumania, Holland, Austria, Germany, Italy and several others. In these countries, this select group will be entertained by royalty and by the chief executives of the different nations. Over two months will be taken for the expedition.

DEFEAT MARINES

Lose to Hampden-Sidney, William and Mary, and Georgetown Colleges

SEVERAL FATAL ERRORS

Coletrane and Rabb Both Do Good Work Throughout the Trip—Gough Gets One Homer

The Guilford baseball team returned Friday night from an eight-day trip through Virginia to Washington, D. C. Four games were played on this trip and one was rained out. Guilford won one of the four, deserving to win two others, but losing on account of errors at critical moments.

On Friday, the thirteenth, Hampden-Sidney was encountered and Guilford lost by the score of four to two. Coltrane pitched a very good game and should have won by the score of two to one.

It was a very nice game but for one inning when Hampden-Sidney scored two runs after two men were down and Guilford had been given a chance to return the ball.

Brinsler, Hampden-Sidney's first baseman, played a nice game for his teammates, handling all his chances with ease and getting two triples.

Gough and Coltrane were the bright lights for Guilford, Gough hitting a terrific home run with Taylor on base, thus accounting for both of Guilford's runs.

	R. H. E.
Guilford	2 4 2
Hampden-Sidney	4 9 0
Batteries: Guilford—Coltrane and Edwards; Hampden-Sidney—Simmerman and Davis.

FACULTY HOLDS PICNIC AT LIPSCOMBE HOME

"A Good Time and Plenty of Food" is Report Brought Back By Participants

MOONLIGHT ADDS TO ENJOYMENT

Twenty-three members of Guilford College faculty enjoyed an "extra-fine" picnic Tuesday evening at the home of Dr. and Mrs. Lipscombe, on the Friendly Road.

Full of anticipation for a fine time, the members of the faculty left the college about 5 o'clock and on arriving at the Lipscombe home, found that their hostess was having open house. While the picnic meal was being prepared the more adventurous picknickers explored the surrounding woods and meadows.

The menu was spelled with a capital PLENTY. Fried chicken, potato salad, tomatoes, hot rolls, coffee, ice cream, and delicious home-made cake made an excellent beginning for a jolly evening. After chatting and singing the party motored home by moon light.

Paintings Exhibited

Students studying in the library during the last couple of weeks have been diverted from their original interests to look at the line of pictures hung around the library walls. These prints and reproductions of the masterpieces of the great masters and of all acknowledged artists from the early Renaissance period until the present, were hung for reference for the students taking the Freshman Orientation Course. Others of the student body have enjoyed the pictures unhampered by any sense of an approaching oral quiz about them.

SUMMER'S SESSION OPENS ON JUNE 8

With Nine Weeks' School the Work Will Be as Thorough as Regular Work

TEN HOURS IS MAXIMUM

Summer school will begin on June 8th, the day following commencement. This year it is to be in session for nine weeks rather than eight, in order to really complete the work which it tries to do, nine weeks being exactly one-quarter.

It is the aim of the administration to put the summer school work on just as high standards as the regular school year. So this summer the majority of instructors have doctor's degrees. Dr. Binford is to be director and instructor in Biology. The other teachers are: Dr. Francis Anson, History; Dr. C. O. Meredith, German; Dr. C. N. Ott, Chemistry; Miss Bessie Guthrie, Education; Mrs. Raymond Binford, French, and Miss Bessie Maude Simpson, Spanish.

The charges for the summer will be: tuition \$3 per semester hour's credit, with registration fee of \$3. Board will be \$45 and room \$10, making a total of \$55 for living expenses during the nine weeks. There will also be opportunity for some to pay part of their expenses.

STANLEY MOORE IS NEW TRACK MANAGER

Succeeds Henry Tew as Manager of the Recently Revived Sport—Has Been Guilford's Outstanding Star

At a recent meeting of the track team Stanley Moore, of Greensboro, was elected to succeed Henry Tew, of Goldsboro, as track manager.

Henry Tew has served in this capacity for two years. To him is given much credit for the honor taken by the Guilford team this year.

Stanley Moore is only a sophomore and is a promising man to the track team. He has taken much honor for Guilford in dashes and short runs, having won first place in all the meets.
