

NEW CHEVY TAKES DAVID H. PARSONS, DR. MILNER NORTH

Dr. Milner to Meet on Committee in National Capital.

OPPOSING NEW TAX PLAN

They Plan Not to Return to Guilford Before the Expiration of Three Weeks.

Dr. Clyde A. Milner, president of Guilford College, and David H. Parsons, Jr., business manager, left Thursday, March 3, on a three weeks' trip to the North. Dr. Milner will go first to Washington to meet on a committee which is opposing a plan to tax endowed colleges.

A new Chevrolet, with a mileage of 2,000 miles so they could travel over 30 miles an hour and return to Guilford within the three weeks, was purchased by Mr. Parsons just previous to the trip.

It was understood that Mr. Parsons was not parking his car near Cox hall, where his younger brother could see it. The first night it was parked in front of Mr. Suiter's home; the second night it rested in the football field; and on the next day Mr. Parsons speeded north in it.

Dr. Milner and Mr. Parsons will be visiting old Guilfordians throughout their trip.

It is much easier to do and die than to reason why.—Reader's Digest.

March 9 Deadline For Nominations

The Student Affairs Board wishes to remind student organization officers that nominations for student officers for next year must be in by March 9. The annual election of next year's officers will be held Monday, March 21.

NEXT YEAR'S BUDGET IS ACCEPTED BY STUDENTS

(Continued From Page One)

A surplus fund of \$900 was something else that was new in a budget. This amount had been accumulated from student activities fees collected from the students over the enrollment of students amount the budget was based on. This surplus fund, after much discussion, was appropriated to pay the debts of the Quaker (\$100), of the Men's Athletic association (\$325), of the Entertainment course (\$65). Two hundred dollars was appropriated to establish a contingency fund which the Student Affairs Board shall have charge of and which shall be used for different needs which shall come up during the year. Of this surplus the students voted to give \$300 towards Guilford's new gym.

The first vote on the allotment of money proposed by the Student Affairs Board was a rejection of the plan by a vote of 195 to 74 on Part A and 175 to 95 on Part B. This meeting was held Monday, February 21. The budget having been rejected by the student body, the president of the Student Affairs Board, Charlotte Parker, called a meeting of the students on Thursday, February 24, at which meeting there were several proposals offered, but since no unanimity could be reached, the matter was referred to the Student Affairs Board for re-allotment of funds. The students present at this meeting were asked to mark on their ballots their preferences for the apportionment of their \$15.

STUDENTS ARE SUFFERING FROM ENFORCED EPIDEMIC

(Continued From Page One)

since he had noticed that Marion went to sleep after his opening words on Sunnybrook Farm.

Earl Maloney revealed a new symptom of the disease when he collapsed into the House of Seven Gables the night before his speech, on the insistence of Dr. Gilbert, Nurse Corky, it was understood, held his hand until 10 that night, preparing him for the dreaded operation, while Dr. Gilbert stayed within earshot.

During the epidemic which swept Philosophy 104, James Cornette, suffering acutely with the symptoms, and wishing to do one last good deed before his collapse, gave to Spinoza the credit for the speech which he had prepared.

According to Dr. Gilbert, the epidemic has not, as yet, run its course, and many students will probably be suffering from its effects. With the added handicap of spring fever which usually strikes the campus about this time, it is feared the victim's resistance will be further weakened. Up to this time, there have been no fatalities, and it is hoped that this good record can be preserved.

Mrs. Milner To Speak

On Tuesday, March 8, Mrs. Milner will speak to the Parent-Teachers' association of the Aycock school in Greensboro on "Play As An Educational Process." On Friday, March 11, Mrs. Milner will lecture at the Holy Trinity church. Her topic will be "Rural Youth."

Peace Scholarships Given to College

Guilford College has received three scholarships from the Peace Committee of the Yearly Meeting for the Duke Institute of International Relations. Two of the scholarships are for students—one man and one woman—and the third is for a faculty member.

Recommendations concerning those to receive scholarships will be placed before the faculty by a committee which has recently been appointed.

The institute, which will last for approximately two weeks, will be held this summer at Duke University.
