Flash Gordon Best With 8-Yard Average; Arthur Faircloth Tops In Total Average

Powell's 363 Yds. Gained Rushing Leads Quakers

With a total yard gainage of 353 yards from 73 tries, hard-working Billy Powell comes to light as the leading ground gainer for the Quakers this year. His scrappy and quick plunging from the fullback spot gave him a final average of 4.3 yards each time he carried the ball.

The best average for the nine games, however, was turned in by Bob "Flash" Gordon as shown by his record of a total gain of 250 yards in 27 tries for an average of over eight yards per try. The brilliant running of this shifty wingback also brought him several long runbacks of kicks as well as runs from passes that are not averaged in with the statistics. Also our leading scorer, it was Bob who really carried the mail this year.

Joe Winner shows up as the next chief gainer on the gridiron with 263 yards to his credit and an average of four yards per try. Alternating and substituting for the injured Faircloth throughout the year Joe did a substantial job in the backfield and will be counted on as one of our chief threats next year.

Total yard gainage of 458 yards can be attributed to the accurate Faircloth who came out of the season with a throwing record of 36 completions in 54 attempts for a gain of 328 yards. The remaining gains of 130 yards were turned in by Art by way of the ground. He also did well in the kicking department with an average of 36.8 yards for the 35 kicks he made.

Also substantial in the kicking game was Joe Winner who aver-

aged 35.1 yards for his 25 boots. With only a 2.5 average for runs from the line of scrimmage, "Fleet" Maultsby turned in some of the best long runs of the year from punt returns and intercepted passes. Highlight of these was the 92-yard touchdown jaunt at Lenoir-Rhyne.

Best Tackler, Blocker Awarded

BOB GORDON

BILL MCCORMICK

Hanzel, McCormick, Given Awards By Team Members

Ceremonies during the intermission of the Monogram Club dance Saturday, November 30, featured the presentation of awards to Dr. Algie I. Newlin, oldest C-club member; Bill McCormick, best blocker of the football team; and John Hanzel, best tackler.

The blocking and tackling awards were initiated at Guilford as annual trophies in the form of gold footballs by the late Coach Block Smith, and have been continued in his memory by the Monogram Club.

These awards were presented to McCormick and Hanzel by Dr. Newlin, acting in his capacity as dean in point of service of the club, after these two men had been selected in a vote of the football team as best in their respective fields.

McCormick, formerly a star in the backfields of Coach Bob Jamieson's Greensboro high elevens, played a year at N. C. State before entering the Navy. This year he has held down the blocking back spot for the Quakers in fine fashion; his blocking has shown constant improvement as the season progressed.

Hanzel played Frosh ball at Villanova, then performed in the service for Jacksonville NAS for Jim Tatum, now head coach at the University of Oklahoma, and was selected to Service All-American teams. At guard for the Quakers he played stand-out ball, was given honorable mention for the all-State Club of the Greensboro Daily News.

At the end of this semester, Dr. Newlin leaves Guilford temporarily for further study in Switzerland. In appreciation of his services to the Monogram Club, the former fullback on Quaker elevens around the 1920's was voted a gold football by the club.

This presentation was made by Coach Lentz, to climax the evening's program.

Newton's Philosophy

"Some days we win, some we tie, and some days it rains." What better philosophy could describe the Guilford football season of 1946, with the final tally being 6 won, 2 lost, and all the rain, in the form of tears, falling on Thanksgiving day.

Just another record in the books now, but when looking at it after going down the list of past years it stands out with pronounced glory. The glory is great for a change, too, and the members of this year's team can be proud of their part in it. Likewise the student body, faculty, and alumni can be proud of their school's team, and the fine job they did individually and collectively.

The rise to fame has surely started in this, the 1946 football season.
